# Chairman's Message

66 This year, we undertook a major restructuring exercise of the company keeping in view our vision and strategic priorities for ensuring focused growth in all our core businesses and tapping opportunities for each of these businesses.

Dear Shareholders,

The year under review has been a most significant one as we undertook a major restructuring exercise of the company. This was done keeping in view our vision and strategic priorities for ensuring focused growth in all our core businesses and tapping opportunities for each of these businesses. This has therefore been a milestone year for your company.

The restructuring exercise has been discussed in detail in the Management Discussions & Analysis section of the annual report, but I would like to share with you the rationale that led us to this decision.

As you are aware, Smartlink Network Systems Ltd. operated as an integrated IT networking products company engaged in the marketing of 'Digisol' brand products sourced from OEM suppliers worldwide as well as manufactured in-house in its own state-of-the-art facilities at Goa.

Over the years, the business of networking products has become fiercely competitive with a large number of players in the different segments of business. It becomes increasingly difficult and unwieldy for one company to handle both manufacturing as well as marketing of the active range as well as the passive range of products and deliver a high level of innovation, quality and service to the consumer. The breadth of technology has also become huge and, in every product category, technology changes at a rapid pace. Further, the designing and manufacturing of products call for different skill sets than those required for marketing, sales and service of products.

Brand building requires a sharp focus as well as deep understanding of consumer behavioural patterns.

We realized that it would be virtually impossible to deliver a full range of solutions

## Chairman's Message

that customers need at the pace that the market requires unless we have strong focus in each segment. It was, therefore, important to have distinct identities in marketing and sales for branded products and in our manufacturing activity of active as well as passive range of products.

Many opportunities lie before us and it was important that we made the right move to enable us to focus better on delivering the products and solutions that our customers want. Hence, we have restructured our operations as below:

 We have incorporated three wholly owned subsidiary companies viz. Digisol Systems Ltd. (DIGISOL), Synegra EMS Ltd. (SYNEGRA) and Telesmart SCS Ltd. (TELESMART).

Digisol Systems Ltd. will carry on the business of marketing and sales of various Networking and Information Technology - Active and Passive products under the brand DIGISOL, which is a well established brand today with its own R&D and testing Lab.

Synegra EMS Ltd. will carry on the business of Electronic Manufacturing Services (EMS) of various categories of Active Networking and Information Technology products. It will be a general purpose manufacturing company and act as OEM supplier to brand companies including Digisol.

Telesmart SCS Ltd. will carry on the business of passive range of products in copper and fiber used in cabling systems, often referred to as structured cabling products.

- 2. The second step involved the slump sale of Smartlink's existing businesses to the wholly owned subsidiaries on a slump sale basis as a going concern. As a result, the Digisol business of brand building, marketing and sales of active networking products has been transferred to Digisol Systems Ltd. and the EMS business has been transferred to Synegra EMS Ltd.
- 3. The final step of this restructuring involved making an application to Reserve Bank of India by Smartlink for registration of the Company as a Non Banking Financial Company (NBFC) (Non-Deposit taking) as Smartlink is left with only financial assets and the income it would generate from its investments.

To summarise, Smartlink Network Systems Ltd. is a holding Company with three wholly owned subsidiaries - DIGISOL, SYNEGRA and TELESMART, each of them specializing in their own businesses.

This restructuring will enable each of the subsidiaries to focus on their respective business and drive our future growth. We have seen that when companies focus intensely in a well defined core business area, they become very successful and deliver greater value to their customers. As a result of this strategy, each of the subsidiaries will be well placed to deliver a family of products that best empower their customers.

Over the years we have delivered many great products and have had much success in the

Going forward, each subsidiary will have its own strategy which will mean better execution from product conceptualization and innovation right through manufacturing, marketing and sales.

marketplace. In many ways, we have redefined the Indian networking space and pioneered the building of an indigenous brand in a marketplace which valued only MNC brands.

Going forward, each subsidiary will have its own strategy which will mean better execution from product conceptualization and innovation right through manufacturing, marketing and sales. Each subsidiary will remain disciplined and focused on continuing to drive operational efficiencies and productivity to achieve profitable growth.

The new structure will improve our competitive position, increase efficiency and enhance our ability to bring innovation and affordable solutions to our customers. The subsidiaries will accomplish all this while maintaining their unwavering commitment to our core values and high ethical standards. And, we will continue our long standing commitment to be a responsible employer and a good corporate citizen, fostering diversity and providing a safe workplace, implementing sustainability initiatives and supporting educational, environmental and other initiatives.

We believe we have an opportunity to chart a new course for our shareholders. We are transforming our business model and evolving our organization and our culture so that we can move quickly and the subsidiaries can focus on their strategic priorities. We are excited to build on the momentum of the past and the promise of the future.

I would conclude by extending my sincere gratitude to my colleagues on the Board for their continued guidance, all the employees of Smartlink and its three subsidiaries for their unstinted dedication and commitment, and stakeholders, associates, customers and friends for their whole hearted support in all our endeavours.

I must express my special thanks to our investors and shareholders who have always reposed their confidence in us. I would like to assure every one of them that their faith in us will continue to be rewarded in the years ahead.

Thank you.

Sincerely,

K. R. Naik Executive Chairman DIN: 00002013

- Structured Cabling
- Enterprise Wireless

DIGISOL has a strong team of certified engineers in place to provide customers with prompt technical support, pre-sales and post-sales. DIGISOL's 'future ready' products offer unmatched benefits such as lower network ownership costs, enhanced productivity, total reliability and easy scalability.

### **Home Segment**

DIGISOL maximizes the customer's internet experience anywhere in and around his premises with its wired and wireless networking products.

DIGISOL wireless products make possible connectivity of smart TVs, desktop computers and gaming systems to the internet for optimum speed. A wireless internet connection sustains the link anywhere within the premises, allowing free movement. In other words, the Internet follows the user, and keeps up with him. Downloading of music, videos and

photos as well as gaming are enabled with high-speed Internet on multiple devices.

DIGISOL offers a wide range of wireless products for the home segment, such as ADSL and broadband routers, AC routers, wireless 3G and 4G compatible routers, wireless adapters and wireless range boosters.

## SOHO Segment

DIGISOL offers a range of products for the small office and home office segment, such as wireless routers, wireless access points, switches, media converters and more.

### DIGISOL SYSTEMS LTD.

### **SME Segment**

DIGISOL is well on its way to being a leading player in the SME market, which remains our focus area. At DIGISOL, we offer a wide range of SME products, and constantly enhance and

strengthen our spread of solutions, based on a close understanding of evolving needs within this segment.

DIGISOL SME products have the key attributes of performance, scalability, reliability and eco-friendliness. Our offerings span the entire gamut of end-to-end networking solutions, including unmanaged, web-managed and managed switches, enterprise outdoor and managed

wireless, broadband routing, converged communication, print servers, media converters and surveillance products.

#### **PoE Solutions**

In today's connected world, IP connects all devices, whether wired or wireless. Wireless connectivity infrastructure is just as critical as wired connectivity, possibly more so in today's environment, since it provides mobility and more flexibility in deployment.

For most office networks, the infrastructure is usually structured as wireless for LAN and wired for HPC data centers. Wireless access points are an integral part of any office LAN or institutional infrastructure today, with aesthetic designs which can adapt to interiors. The only challenge lies in providing power sockets at each of the several installation points.

There is a similar challenge faced in the case of IP surveillance solutions, with IP cameras being mounted in key areas and requiring power connections.

Power over Ethernet - or simply PoE - is technology which helps to overcome these challenges. It combines electrical power and ethernet signals on Cat 5E/Cat6 cables, and plugs into PoE-enabled APs/cameras to supply power to ON and feed signals. This provides more unified solutions not dependent on a confusing multitude of adapters and cables.

DIGISOL provides cutting edge PoE solutions for serving different PoE needs today in terms of power, distance and I/Os.

For an end-to-end integrated experience, DIGISOL has PoE solutions which are not only PoE switches but also IP cameras and wireless access points which are 100% PoE standard compliant.

## **DIGISOL Structured Cabling Solutions**

DIGISOL cabling portfolio includes end-to-end cabling solution (Cat 5e, Cat 6 & Cat6A), UTP/STP LAN Cables, Patch Panels / Cords. The fiber range includes Fiber cables, Fiber connectors, couplers ETC.

The Company's cabling products adhere to EIA / TIA and ISO / IEC international standards. ROHS compliant products are backed by international 25 years product warranty performance.

DIGISOL's Structured Cabling Systems fulfill the network connectivity needs of medium to small businesses and home networks.

DIGISOL have products which are game changers for System Integrators like patented keystones, for easy installation and 90 degree patch panels ranging from Cat 5e to Cat 6A.

### DIGISOL SYSTEMS LTD.

#### **IP Surveillance Products**

Keeping in mind the growing need for higher standards of security and surveillance products in the country, DIGISOL offers a diversity of reliable and fail-safe IP surveillance products. The IP surveillance products include fixed cameras, dome cameras, pan

tilt cameras, pan tilt zoom cameras, bullet cameras and network video recorders (NVR).

DIGISOL is targeting segments such as homes, residential complexes, retail outlets and hospitality, and our product range is ideally suited for catering to the rapidly growing next-generation surveillance needs in India.

### **Building the DIGISOL Brand**

The industry we operate in moves at lightning speed with constantly evolving technologies and increased mobile adoption, but the one thing that stays comparatively constant is the brand. Due to the technology industry's accelerated evolution, brands take on increased importance by providing an effective counterbalance to what buyers' perceive as constant change, clutter and confusion. While we strive to push the boundaries with our marketing activities, we accord great importance to brand building which will ensure our long term success. When IT buyers find it difficult to sort through the barrage of information and conflicting claims, they rely on brand recognition to compensate for the uncertainty, reduce perceived risk, cut through the indecision and make a choice.

Our main focus has been to position DIGISOL as a major mid-market brand that conveys world-class quality, credibility and delivers a fantastic user experience. The DIGISOL brand is unique as a 'Value For Money' brand.

#### **Brand Building Activities**

The various activities that we undertake to build the DIGISOL brand include Channel Partner Events, Participation in Trade Shows and Expos, Retail Branding and Advertising.

#### **DIGICARE**

Warranty Service and support of Digisol products provide by Digisol special division known as DIGICARE.

DIGICARE has an all India network of 64 DIGISOL service centres and has a Technical Call centre as well, called DTAC (DIGISOL Technical Assistance Centre).

PAN India customers can avail support from DTAC through phone and email.

#### DIGICARE offers significant advantages:

# Management Discussion and Analysis

#### **ECONOMIC OVERVIEW**

Global economic activity continued to remain subdued and after the lackluster run in 2016, is likely to pick up in 2017 and 2018 as per an IMF update. The pickup is likely to be more pronounced in emerging markets and developing economies.

The global growth for 2016 is estimated at 3.1% while for 2017 and 2018 growth is projected at 3.4% and 3.6% respectively.

In the backdrop of global slowdown and lower world demand, India witnessed steady growth momentum in comparison with other emerging market economies.

According to a report by the World Bank, the Indian economy is expected to grow at 7.2% in FY2017-18 and further accelerate to 7.5% in 2018-2019 and 7.7% in 2019-2020. The Asia Development Outlook 2017 report is also upbeat about India and predicts a GDP growth of 7.4% in 2016-17 and 7.6% in 2017-18.

The international agency has forecast that India's economic growth will rise gradually to 7.7% in 2019-20, underpinned by a recovery in private investments. A "timely and smooth implementation of the GST could prove to be a significant upside risk to economic activity in FY2017-18", the World Bank said in a report. It has, however, warned against significant risks to India's favourable growth outlook.

The International Monetary Fund (IMF) recently trimmed India's 2017 GDP growth forecast by 0.4% points but it still expects a healthy 7.2%. The lower estimate was primarily because of temporary negative consumption shock induced by cash shortages and payment disruptions from the recent demonetization drive.

In February 2017, The Central Statistics Office estimated the country's GDP and also estimated the economic growth at over 7% in 2016-17 even though it's a correction from the growth of 7.9% recorded in 2015-16. A normal monsoon, as forecast by the India Meteorological Department (IMD), would further boost growth.

Indeed, India appears poised to remain the fastest growing major economy for a while, outstripping China.

While the macroeconomic environment is improving, the business environment continues to be challenging. The government has announced several reforms and plans under the 'Make in India' and 'Digital India' initiatives, and these are expected to give a boost to the infrastructure, industrial and technology sectors.

#### The Indian IT Sector

India is the world's largest sourcing destination for the information technology (IT) industry, accounting for approximately 67 per cent of the US\$ 124-130 billion market. The industry employs a workforce of about 10 million. More importantly, the industry has led the economic transformation of the country and altered the perception of India in the global economy. India's cost competitiveness in providing IT services, which is approximately 3-4 times cheaper than the US, continues to be the mainstay of its Unique Selling

Proposition (USP) in the global sourcing market. India is also gaining prominence in terms of intellectual capital with several global IT firms setting up their innovation centres in India.

The IT industry has also created significant demand in the Indian education sector, especially for engineering and computer science. The Indian IT and ITeS industry is divided into four major segments - IT services, Business Process Management (BPM), Software Products and Engineering Services, and Hardware.

Post the government's announcement of demonetisation of specific currency denominations, digital payment platforms such as Paytm, MobiKwik, Oxigen witnessed a sharp spike in user transactions, app downloads and merchant enquiries, thereby indicating a greater demand towards digital payments by consumers.

India ranks among the top five countries in terms of digitalisation maturity as per Accenture's Platform Readiness Index, and is expected to be among the top countries with the opportunity to grow and scale up digital platforms by 2020.

Indian IT's core competencies and strengths have attracted significant investments from major countries. The computer software and hardware sector in India attracted cumulative Foreign Direct Investment (FDI) inflows worth US\$ 22.83 billion between April 2000 and December 2016, according to data released by the Department of Industrial Policy and Promotion (DIPP).

India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire new gamut of opportunities for top IT firms in India.

Social, Mobility, Analytics and Cloud (SMAC) are collectively expected to offer a US\$ 1 trillion opportunity. Cloud represents the largest opportunity under SMAC, increasing at a CAGR of approximately 30 per cent to around US\$ 650-700 billion by 2020.

Social media is the second most lucrative segment for IT firms, offering a US\$ 250 billion market opportunity by 2020. The Indian e-commerce segment is US\$ 12 billion in size and is witnessing strong growth and thereby offers another attractive avenue for IT companies to develop products and services to cater to the high growth consumer segment.

India will remain the world's fastest growing information technology (IT) market in 2016 as it is expected to spend more than \$72 billion on IT services, products and hardware, up from 7.2% from the current year, according to research firm Gartner Inc.

The growth will come on the back of the digitization wave catching up with Indian companies and the growing number of connected devices that form the Internet of Things (IoT).

India's IT market is projected to grow annually at a rate of 4.95% between 2015 and 2019 - the fastest globally - to touch \$85.3 billion by the end of 2019.

The robust growth will help India overtake Australia to become the second largest IT market in the Asia-Pacific by 2019, behind China.

#### Government Initiatives will boost the IT Industry

In the Union Budget 2017-18, the Government of India announced the following key proposals:

- It allocated ₹10,000 crore (US\$1.5 billion) for BharatNet project, which aims to provide high speed broadband to more than 150,000 gram panchayats by 2017-18.
- Prime Minister of India, launched the Bharat Interface for Money (BHIM) app, an Aadhaar-based mobile payment application that will allow users to make digital payments without having to use a credit or debit card. The app has already reached the mark of 10 million downloads.

#### The Indian Networking Industry

According to IDCs (International Data Corporation) the Ethernet Switch market witnessed a year-on-year growth of 21% (in vendor Revenue) and stood at \$ 131.23 million. The Router market witnessed a year-on-year decline of 4% and stood at USD 69.2 million USD in terms of vendor revenue.

Increased spending from the enterprise segment due to technology refreshes drove the overall LAN market in 2016. There was a significant increase in uptake of L3 and ADC switches in both the enterprise and service provider segments in 2016. Investments in the government, education, telecom, professional services and BFSI are the key drivers for growth.

The Router market was driven mainly by investments from the service providers for 4G rollouts and technology refreshes in 2016. Increased uptake of high-end router from the service provider segment and the enterprise segment drove the market in 2016.

With the evolving network environment and the huge amount of data available, adoption of advance analytics in this area is becoming mainstream. This will enable efficient network management for improved performance. Also in 2016, there was an increased uptake of SDN deployments and NFV POCs.

#### India WLAN and LAN Market

The WLAN market in India registered USD 46.20 million (Vendor revenue) and witnessed a de-growth of 5.8% in Q4 2016 due to the impact of demonetization on the consumer segment. However, the enterprise segment continued to grow in Q4, maintaining the trend of the earlier quarters. This growth was predominantly driven by access point category in the enterprise segment. The demand for WLAN at outdoor locations also showed healthy single digit growth in 2016.

Education, professional services and telecom were the major contributing verticals, while the government, banking, and transportation had increased investment over the earlier years.

Wi-Fi hotspots at public spaces and Increased adoption of Wi Fi by education institutes to facilitate world class infrastructure will continue to see growth in the coming quarters. Technology upgrades to 802.11ac to support higher bandwidth requirement will also follow a growing trend.

The WLAN market is expected to grow in single digit in terms of compound annual growth rate (CAGR) for 2016–2021. Increased deployment at outdoor locations along with technology upgrades to 802.ac will be catering to the growth across segments. The demand for WLAN in the future will be accompanied by the growing emphasis on the Internet Of things and Smart devices and workplaces.

As per IDC Analyst, the WLAN market in India is growing due to the enterprises, large or small and campuses that are all investing in the wireless infrastructure as a primary option. Q2 was the quarter of telcos, with huge investments to build their backhaul for expansions as well as new network build-outs. SDN is also gaining traction through innovations and aggressive initiatives by the vendors to strengthen their position.

According to IDC Senior Networking Analyst (India), "The network infrastructure in India will certainly upgrade to support the growing demand which has been triggered by the digitization wave. With the increasing number of connected devices and the technology upgrades happening, the demand for efficient, reliable, smart and secure networks is taking the front foot across the segments."

The LAN market continues to grow in single digit in terms of compound annual growth rate (CAGR) for 2016–2021. Government, Education and BFSI are expected to emerge as promising segments in the future.

It is worth a mention that networking market is not just defined by technology, but also by the collaboration among the vendors, partner-centric initiatives and cost-competition, which are also some of the reasons for disruptions in the market. The current trend is that enterprises greatly contributed to the Ethernet switch market, whereas the router market was defined by the telecom vertical that has shown signs of revival.

IDC says that the government's initiatives to improve the financial inclusion, reduce the digital divide and build smart cities, are expected to contribute largely to the networking market in the near future. For the telcos' investment, strong competition, brand relocation, customer loyalty, and Government support will be the driving forces. The SMBs are expected to continue investing in the networking market due to changes in technology coupled with their expansion goals. Hotspots solutions, traffic offloading, mobility, cloud computing, big data and analytics, social media, and BYOD would be the drivers for the networking market in the foreseeable future.

#### **BUSINESS OVERVIEW**

Long before 'Make in India' became a popular slogan, Smartlink Network Systems Limited (hereinafter called as "Smartlink" or "The Company") has been committed to manufacturing in India. The company's legacy of local manufacturing dates back to a time when it was considered not viable; however, Smartlink has been a pioneer in many ways including manufacturing in India and among the few companies in the networking sector that have been in the forefront of the 'Make in India' initiative.

Smartlink was the first company in the country to introduce local

#### Management Discussion and Analysis

manufacturing of networking devices and has over two decades of experience in the manufacturing of networking products. Further, it has constantly evolved and innovated so that its products are in line with the latest needs of consumer and industry.

Smartlink developed a unique setup in India for over two decades and made investments in the best infrastructure to develop, manufacture and market networking and communications products. However, on account of unstable government policy relating to duties, etc., over the last two decades, the company's growth was stifled.

Over the years, the business of networking products has become fiercely competitive. Many MNCs find India as a good dumping ground for their products and the market is flooded with large number of brands not only from US and Europe but also local brands from Asian countries, especially China. As a result, to stay ahead in the business and to ensure intense focus in each of the different segments:

- Smartlink during the year incorporated three new wholly owned subsidiaries namely Digisol Systems Limited (hereinafter called as "DIGISOL"), Synegra EMS Limited (hereinafter called as "SYNEGRA") and Telesmart SCS Limited (hereinafter called as "TELESMART"):
  - Digisol Systems Limited was incorporated on 17<sup>th</sup> August, 2016. It carries on the business of marketing and sales of various categories of Networking and Information Technology Active & Passive Products line under the brand "DIGISOL".
  - Synegra EMS Limited was incorporated on 17th August, 2016. It carries on the business of Electronic Manufacturing Services ("EMS") of various categories of Networking and Information Technology in Active range of IT as OEM supplier to Brand Companies. Being a general purpose manufacturing company Synegra EMS will be in manufacturing all kinds of IT products in Active range. ("EMS Subsidiary for Active Products line").
  - Telesmart SCS Limited was incorporated on 17<sup>th</sup> November, 2016. It carries on the business of manufacturing passive range of products in copper and fiber, which are used in cabling systems of Information technology (EMS Subsidiary for Passive Products line in Copper & Fiber).

#### 2. Slump Sale of business

The Digisol business of brand building, marketing and sales of active networking products has been transferred to Digisol Systems Ltd. and the EMS business has been transferred to Synegra EMS Ltd. Both the above businesses are distinct and independent and it is felt that giving separate legal and independent status to both the businesses would assist the respective business to serve to their respective customers.

Registration of Smartlink as Non Banking Financial Company
 Pursuant to the sale of business to its subsidiaries Smartlink is
 left with only financial assets and Income. Considering the same

the Board of Directors of the Company at its meeting held on 17th March, 2017 has approved the final application in terms of sub-section (2) of section 45-IA of Reserve Bank of India Act, 1934, for issue of Certificate of Registration as a Non-Banking Financial Institution (Non-Deposit taking) to Reserve Bank of India.

#### DIGISOL SYSTEMS LTD.

#### **Active Networking Products**

Digisol delivers a wide range of active networking products within domain of Converged Communications Solutions under the brand name DIGISOL and its portfolio encompasses over 150 products across the IT networking spectrum.

DIGISOL products incorporate world class quality and are backed by Synegra's own manufacturing facility and a Pan-India distribution network. Digisol also has in place a call-based technical support backed by a strong in-house service team.

On the product front, WLAN and Switching markets are growing and the company registered growth in those lines; while the declining router market has affected all vendors in that space.

During the year, the company launched a large number of DIGISOL products including routers and networking switches which have received overwhelming response from the market. These also included products manufactured by the Group's manufacturing arm Synegra EMS.

#### **Passive Networking Products**

DIGISOL cabling portfolio includes end-to-end cabling solution (Cat 5e, Cat 6 & Cat6A), UTP/STP LAN Cables, Patch Panels/Cords. The fiber range includes Fiber cables, Fiber connectors, couplers ETC.

The Company's cabling products adhere to EIA/TIA and ISO/IEC international standards. ROHS compliant products are backed by international 25 years product performance warranty.

Digisol's Structured Cabling Systems fulfill the network connectivity needs of medium to small businesses and home networks.

#### Brand Building is the key to DIGISOL's success

Brand building has always been accorded top priority at Digisol. While it is important to provide finest quality products of the latest technology, the manner in which the consumer perceives the brand is equally important, especially from the long term perspective. The brand DIGISOL is barely seven years old and it requires massive efforts to establish the brand.

Digisol will continue to invest substantially in educating the channel community of partners, distributors and system integrators who interact with the end consumers and play a strong role in building the brand. The Company's primary focus is positioning DIGISOL brand as a major brand in the midmarket that offers quality and value for money. The Company's brand building efforts include road shows for the channel community across the country and participation in trade shows and expos and in-shop branding. In

addition to traditional advertising in India, Digisol is active on important social media platforms like Facebook, Linkedin and Twitter.

#### DIGICARE

#### After Sales Service and Support

Digisol has its own Service & Support division DIGICARE, which gives it a tremendous edge over its competitors. It offers high quality after sales service and support designed to deliver total customer satisfaction.

DIGICARE has built one of the most efficient, skilled and highly professional service infrastructures in the country and provides end-to-end product life cycle support.

DIGICARE has embarked on a journey of consolidation and improving customer experience through a new model of service network that offers faster turnaround of customer service.

Through its easy-to-access DTAC contact center and a wide network of Partners across the country, DIGICARE has implemented a lean and yet efficient service model where the defective products are swapped with good units at the customer touch points instead of repairing them. This network is supported in the backend by the state of the art Repair Hubs at Goa which ensures the repair quality standards are maintained. With this new service management model, DIGICARE is all set to provide the best possible after sales support to DIGISOL and help making DIGISOL the most preferred product.

#### **Awards and Recognitions**

The Digisol brands received several notable awards during the vears:

- Most Popular Networking Brand NCN Awards 2016
- Leadership Award 2016 for Best Make in India Brand VAR India Star Nite Awards 2016
- Make in India, Networking Product Brand SME Channel Award 2016

#### SYNEGRA EMS LIMITED

Synegra is a wholly owned manufacturing subsidiary of Smartlink Network Systems Ltd. It has a state-of-the-art manufacturing facility in Goa which is highly flexible and versatile and can deliver products of global quality.

Synergra provides contract manufacturing services to Digisol Systems Ltd. as well as other electronic brands and companies.

#### TELESMART SCS LIMITED

Telesmart is a wholly owned subsidiary of Smartlink Network Systems Ltd. and is engaged in the business of manufacturing a wide range of Structured Cabling Systems (SCS) products. The Company has its manufacturing facility at Verna, Goa and is in the business of developing, and manufacturing of copper and fiber range of cabling products. The focus of the Company is on contract manufacturing of various structured cabling products in both copper and fiber range. Telesmart's cabling portfolio includes end-to-end

#### **HUMAN RESOURCES**

Smartlink and its subsidiaries are equal-opportunity employers and human values from the backbone of the organization.

Our Values at work:

- An ethical, value based approach
- Careers that offer learning opportunities
- Growth and feeling of sense of accomplishment
- Performance oriented
- Combination of hard work and customer orientation

We have always focused on developing the employees and enhancing their capabilities. The key element of our Human Resource strategy is to provide a working environment that encourages innovation, enhances work satisfaction and builds a merit-driven organization. The organisation's human resource vision is to create a committed workforce through people-enabling processes and knowledge sharing practices based upon its value system. As on 31st March, 2017, the Company had 27 employees.

#### **RISK FACTORS**

In the event of a severe global slowdown, falling external demand would exert a powerful drag on Asia's economies including India, impacting prospects of the Companies subsidiaries (hereinafter referred to as "Group").

#### Management Discussion and Analysis

While the outlook for IT services relatively unchanged continued hesitation among buyers may foster hyper competition and cost pressure in mature IT Outsourcing (ITO) segments and relocation of budget away from new projects in consulting and implementation. This would have a consequent downstream impact.

The likelihood of Indian telecom operators investing a significantly lower proportion of their revenues over the next two years than their Chinese, Indonesian and Philippine counterparts even though the Indian, Chinese, Philippines and Indonesian telecom markets are at approximately the same stage of data penetration.

The risk of technological obsolescence is very high in the segments where the group operates. Moreover, the technological advancements are dictated by the large OEM players. On the other hand, we need to continuously invest to keep launching new products to enhance reach and reputation amongst customers and channel partners.

The group is exposed to fluctuations in foreign currency, in particular the movement of US dollar vis-à-vis the Indian Rupee. We import more than 90% of our components where the payment is in US Dollars.

In today's constantly changing markets, companies may opt to maintain and grow sales by selling at competitive prices. Products have become commoditized over time as alternative products become available or the number of suppliers offering the same product increases.

#### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACIES

Smartlink has aligned its current systems of internal financial control with the requirement of Companies Act 2013. The Internal Control framework is intended to increase transparency and accountability in an organisation's process of designing and implementing a system of internal control. The framework requires the Company to identify and analyse risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness. Smartlink's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use, executing transactions with proper authorisation and ensuring compliance of corporate policies.

Our management assessed the effectiveness of the Company's internal control over financial reporting (as defined in Clause 17 of SEBI Listing Regulations 2015) as of 31st March, 2017.

Based on its evaluation (as defined in section 177 of Companies Act 2013 and Clause 18 of SEBI Listing Regulations 2015), our audit committee has concluded that, as of 31st March, 2017, our internal financial controls were adequate and operating effectively.

#### Annexure-D

CERTIFICATE ON COMPLIANCE WITH THE CONDITIONS OF CORPORATE GOVERNANCE REQUIRED UNDER THE SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015 BY SMARTLINK NETWORK SYSTEMS LIMITED

#### To the members of **SMARTLINK NETWORK SYSTEMS LIMITED**

I have examined the compliance by SMARTLINK NETWORK SYSTEMS LIMITED (`the Company`) of the requirements of compliance with the Corporate Governance requirements under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("LODR") for the year ended 31st March, 2017.

In my opinion and to the best of my information and according to the explanations given to me, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the LODR. This Certificate is issued pursuant to the requirements of Schedule V (E) of the LODR.

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to procedures adopted, and implementation thereof, by the Company for ensuring compliance with the condition of Corporate Governance under LODR. The examination is neither an audit nor an expression of opinion on the financial statements of the Company.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency of effectiveness with which the management has conducted the affairs of the company.

#### Independent Auditor's Report

#### TO THE MEMBERS OF SMARTLINK NETWORK SYSTEMS LIMITED

#### Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **SMARTLINK NETWORK SYSTEMS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

#### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
  - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements Refer Note 24A to the standalone financial statements
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
    - iv. The Company has provided requisite disclosures in the standalone financial statements as regards its holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November 2016 to 30th December 2016. Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the books of account maintained by the Company and produced to us by the Management.
- 2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order" / "CARO 2016") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

#### Annexure A to the Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Smartlink Network Systems Limited** ("the Company") as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### Annexure B to the Independent Auditor's Report

#### Re: Smartlink Network Systems Limited

(Referred to in paragraph (2) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of its fixed assets:
  - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) Some of the fixed assets were physically verified by the Management during the year in accordance with a programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and buildings constructed on such leasehold lands and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) The Company has not granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. There are no unclaimed deposits and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Rules framed there under are not applicable to the Company.
- (vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013 for manufacturing of networking products. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under Section 148(1) of the Companies Act, 2013 and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
  - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
  - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues in arrears as at 31st March, 2017 for a period of more than six months from the date they became payable.
  - (c) There were no dues to Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty and Value Added Tax as at 31st March, 2017 on account of disputes.
- (viii) The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under clause (viii) of CARO 2016 is not applicable to the Company.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the CARO 2016 Order is not applicable.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its subsidiary or persons connected with them and hence provisions of Section 192 of the Companies Act, 2013 are not applicable.
- (xvi) In our opinion and accordingly to the information and explanations given to us, in respect of the current year, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. However, the Company has filed an application for registration and categorization of the Company as Type I-NBFC-ND {Non-Banking Financial Company (NBFC) not accepting public funds} in terms of sub-section (2) of Section 45-IA of the Reserve Bank of India Act, 1934, subsequent to the year-end.

#### NOTE 1: BACKGROUND OF THE COMPANY

Smartlink Network Systems Limited ("Company") was incorporated on 31st March, 1993. The Company was in the business of developing, manufacturing, marketing, distributing and servicing of networking products.

During the year the Board of Directors of the Company at its meeting held on 04th August, 2016 approved transfer of "Digisol Brand" Business of the Company related to Selling and Marketing of DIGISOL branded active Networking Products and the Electronic Manufacturing Services Business, ("EMS Business") together with its respective assets and liabilities, as a going concern on a slump sale basis to its wholly owned subsidiaries i.e. M/s Digisol Systems Limited (Digisol) and Synegra EMS Limited (Synegra) respectively. The same was given effect pursuant to entering into a Business Transfer Agreements signed on 24th September, 2016 by the Company with Digisol and Synegra respectively.

Thus pursuant to completion of transfer of Digisol brand business and Electronic Manufacturing Services Business to Digisol and Synegra respectively on 10th October, 2016, the Company's Income consists mainly of income from investments.

#### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

#### (a) Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013, and the relevant provisions of the Act. The financial statements have been prepared on accrual basis under the historical cost convention except for building acquired through amalgamation, that is carried at revalued amounts.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

#### (b) Use of estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported year. Differences between the actual results and estimates are recognised in the year in which the results are known / materialised.

#### (c) Inventories

Items of inventory are valued at lower of cost and net realisable value, on the following basis:

- (i) Raw materials, components, stores and spares on weighted average basis.
- (ii) Work-in-progress and finished goods on the basis of absorption costing comprising of direct costs and overheads other than financial charges.

#### (d) Depreciation & Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Motor Vehicle - 5 years
Plant and equipment - 8 years
Furniture and Fixture - 8 years

Leasehold Land is amortised over the duration of the lease.

Intangible assets are amortised over their estimated useful life on straight line method as follows:

Acquired Goodwill - 5 years
Computer Software (ERP) - 3 years
Computer Software (Other Softwares) - 4 years

#### (e) Revenue recognition

Income from debentures and bonds is accrued over the maturity of the security.

Profit / Loss on sale of investments is recognised on the contract date

Dividend income is accounted for when the right to receive the same is established.

Revenue (income) is recognized when no significant uncertainty as to determination / realization exists.

Revenue from sale of products is recognised net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods. Sales include excise duty but exclude sales tax and value added tax.

Revenue from services is recognised when the services are rendered. Revenue from maintenance contracts are recognised pro-rata over the period of contract. Interest income is accounted on accrual basis.

#### (f) Fixed assets

#### i) Property, plant and equipment

Tangible assets are carried at cost of acquisition or construction less accumulated depreciation and impairment loss, if any.

#### ii) Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment losses, if any.

#### (g) Foreign currency transactions

Transactions in foreign currencies are recorded at the original rates of exchange in force at the time the transactions are effected.

In case of forward exchange contracts or other financial instruments that is in substance a forward exchange contract, other than for trading or speculation purposes, the premium or discount arising at the inception of the contract is amortised as expense or income over the life of contract.

Gains/losses on settlement of transactions arising on cancellation / renewal of forward exchange contracts are recognised as income or expense.

At the year-end, monetary items denominated in foreign currency and the relevant foreign exchange contracts are reported using the closing rate of exchange.

Exchange difference arising thereon and on realization / payments of foreign exchange are accounted as income or expenses in the relevant year.

#### (h) Government grants

Grants relating to specific fixed assets are disclosed as a deduction from the value of the concerned assets. Grants related to revenue are credited to the Statement of Profit and Loss. Grants in the nature of promoter's contribution are treated as Capital reserve.

#### (i) Investments

Long-term (non-current) investments are carried at cost. However, when there is a decline, other than temporary, the carrying amount is reduced to recognize the decline. Current investments are carried at lower of cost and fair value.

#### (j) Employee Benefits

- i. Provident fund liability is determined on the basis of contribution as required under the statute / rules and when services are rendered by the employees.
- ii. The Smartlink Group Gratuity Trust has taken a Group Gratuity cum Life Assurance policy from the Life Insurance Corporation of India (LIC). Provision is made in respect of difference between the actuarially determined gratuity liability and the fund available with LIC at the year end.
- iii. Provision for Leave encashment is made on actuarial valuation done as at the year-end.

#### (k) Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

#### (I) Assets taken on Lease (Hire Purchase)

Assets taken on finance lease (including on hire purchase) on or after 1st April 2001 are accounted for as fixed assets in accordance with Accounting Standard 19 on "Leases", (AS 19). Accordingly, the assets have been accounted at fair value. Lease payments are apportioned between finance charge and reduction of outstanding liability.

#### (m) Taxes on income

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred income-tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years / period. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future income will be available except that deferred tax assets in case there are unabsorbed depreciation and losses are recognised if there is virtual certainty that supported by convincing evidence sufficient future taxable income will be available to realise the same (Refer note 38 below).

#### (n) Impairment of assets

At the end of each accounting period, the Company determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on "Impairment of Assets". An impairment loss is charged to the Statement of Profit and Loss in the period in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognised in the prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

#### (o) Provisions and contingencies

Provision is recognised in the accounts when there is a present obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation. Contingent liabilities, if any are disclosed in the notes to the financial statements.

#### Independent Auditor's Report

#### TO THE MEMBERS OF SMARTLINK NETWORK SYSTEMS LIMITED

#### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **SMARTLINK NETWORK SYSTEMS LIMITED** (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

#### Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in sub-paragraphs (a) and (b) of the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary referred to in the Other Matter paragraph below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2017, and their consolidated loss and their consolidated cash flows for the year ended on that date.

#### Other Matter

We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets of ₹ 4,554,022/- as at 31st March, 2017, total revenues of ₹ 563,768/- and net cash inflows amounting to ₹ 1,014,141/- for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by another auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

#### Independent Auditors' Report (contd.)

#### Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements of the subsidiary and the other financial information of the subsidiary, referred in the Other Matter paragraph above we report, to the extent applicable that:

#### Annexure A to the Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)
Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2017, we have audited the internal financial controls over financial reporting of **Smartlink Network Systems Limited** (hereinafter referred to as "Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

#### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary, which is a company incorporated in India in terms of its reports referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary companies, which are companies incorporated in India

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinior

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor referred to in the Other Matter paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary company, which is a company incorporated in India, is based solely on the corresponding report of the auditor of such company, incorporated in India.

Our opinion is not modified in respect of the above matters.

Depreciation on tangible assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Motor Vehicle - 5 years

Plant and Equipment - 8 years

Furniture and Fixture - 8 years

Leasehold Land is amortised over the duration of the lease.

Intangible assets are amortised over their estimated useful life on straight line method as follows:

Computer Software (ERP) - 3 years
Computer Software (Other Softwares) - 4 years

#### (f) Revenue recognition

Income from debentures and bonds is accrued over the maturity of the security.

Profit / Loss on sale of investments is recognised on the contract date.

Dividend income is accounted for when the right to receive the same is established.

Revenue (income) is recognized when no significant uncertainty as to determination / realization exists.

Revenue from sale of products is recognised net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods. Sales include excise duty but exclude sales tax and value added tax.

Revenue from services is recognised when the services are rendered. Revenue from maintenance contracts are recognised pro-rata over the period of contract. Interest income is accounted on accrual basis.

#### (g) Fixed assets

#### (i) Property, plant and equipment

Tangible assets are carried at cost of acquisition or construction less accumulated depreciation and impairment loss, if any

#### (ii) Intangible assets

Intangible assets are stated at cost less accumulated amortisation.

#### (h) Foreign currency transactions

Transactions in foreign currencies are recorded at the original rates of exchange in force at the time the transactions are effected.

In case of forward exchange contracts or other financial instruments that is in substance a forward exchange contract, other than for trading or speculation purposes, the premium or discount arising at the inception of the contract is amortised as expense or income over the life of contract. Gains / losses on settlement of transactions arising on cancellation / renewal of forward exchange contracts are recognised as income or expense. At the year-end, monetary items denominated in foreign currency and the relevant foreign exchange contracts are reported using the closing rate of exchange.

Exchange difference arising thereon and on realization / payments of foreign exchange are accounted as income or expenses in the relevant year.

#### (i) Government grants

Grants relating to specific fixed assets are disclosed as a deduction from the value of the concerned assets. Grants related to revenue are credited to the Consolidated Statement of Profit and Loss. Grants in the nature of promoter's contribution are treated as Capital reserve.

#### (i) Investments

Long-term (non-current) investments are carried at cost. However, when there is a decline, other than temporary, the carrying amount is reduced to recognize the decline. Current investments are carried at lower of cost and fair value.

#### (k) Employee Benefits

- (i) Provident fund liability is determined on the basis of contribution as required under the statute / rules and when services are rendered by the employees.
- (ii) The Group has taken a Group Gratuity cum Life Assurance policy from the Life Insurance Corporation of India (LIC).

Provision is made in respect of difference between the actuarially determined gratuity liability and the fund available with LIC at the year end.

(iii) Provision for leave encashment is made on actuarial valuation done as at the year-end.

#### (I) Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

#### (m) Assets taken on Lease (Hire Purchase)

Assets taken on finance lease (including on hire purchase) on or after 1st April 2001 are accounted for as fixed assets in accordance with Accounting Standard 19 on "Leases", (AS 19). Accordingly, the assets have been accounted at fair value. Lease payments are apportioned between finance charge and reduction of outstanding liability.

#### (n) Taxes on income

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred income-tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/period. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future income will be available except that deferred tax assets in case there are unabsorbed depreciation and losses are recognised if there is virtual certainty that supported by convincing evidence sufficient future taxable income will be available to realise the same (Refer note 39 below)

#### (o) Impairment of assets

At the end of each accounting period, the Group determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on "Impairment of Assets". An impairment loss is charged to the Consolidated Statement of Profit and Loss in the period in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognised in the prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

#### (p) Provisions and contingencies

Provision is recognised in the accounts when there is a present obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation. Contingent liabilities, if any are disclosed in the notes to the Consolidated Financial Statements.

d.	Custom duty paid under protest	
	The raw material / trading material / software imported by the Parent Company are subjected to different rates of customs duty based on classification under respective Tariff Head. The Customs department had objected to the classifications adopted by the Parent Company for certain items and has demanded additional duty for the same. The total duty demand was ₹ 3,883,884/	764,011
	During the period Customs department accepted the classification adopted by the Parent Company and allowed refund of ₹ 3,119,873/- in one of the above cases.	
	The balance differential duty paid under protest, is included under Long term loans and advances in Note 12, pending resolution of the dispute at Customs, Excise and Service Tax Appellate Tribunal (CESTAT).	
	The Group is confident of successfully contesting the demands and does not expect any significant liability to crystallise.
