Chairman's Message

Dear Shareholders,

It is with immense pride and great pleasure that I present to you the annual report of your company for the year ended 31st March 2024.

The past year has been challenging for the global economy impacted by the Russia-Ukraine war and the Israel-Palestine conflict. Amidst the global uncertainties, the Indian economy has remained surprisingly resilient. In India's evolving landscape, IT and IT services has emerged as a powerful force driving the economic

growth and forging the path towards a brighter and more inclusive future. India's growth story is characterized by a dynamic interplay of economic expansion, changing consumer preferences and evolving aspirations. Growing affluence is leading to new trends like rise in demand of premium products and brand consciousness. The networking industry is well positioned to capitalize on the upcycle with investments fueled by cloud, cyber security and emerging technologies like generative AI and 5G.

Smartlink Holdings Ltd. had a steady year and its Standalone Revenue from Operations stood at INR 1,253.72 lakhs, a growth of 31% from over INR 954.49 lakhs in the previous year. The Standalone Profit after Tax for the year was INR 320.44 lakhs (previous year INR 1,774.08 lakhs). The Revenue from Operations on Consolidated basis increased by 28% to INR 20,918.02 lakhs from INR 16,305.26 lakh in the previous year. On a Consolidated basis, Profit After Tax for the year was INR 705.95 lakhs (previous year INR 1,923.94 lakhs). The Profit after Tax figures are not comparable as the previous year's profit was bolstered by an exceptional income (sale of land) of INR 2,091.57 lakhs.

Smartlink Holdings Ltd. is a NBFC having investments in mutual funds, bonds/deposits and other immovable and movable assets. It has two independent subsidiaries viz. DIGISOL Systems Ltd., the networking products brand company and Synegra EMS Ltd., the manufacturing company.

On February 9, 2024, the Board of Directors approved the Scheme of Amalgamation of Synegra EMS Ltd. with Smartlink Holdings Ltd.

Post the proposed merger, Smartlink Holdings Ltd. will function as an ODM manufacturer with its own R&D and supply branded products to DIGISOL and other companies worldwide.

The merger will result in ease of raising funds, economies of scale, greater integration, flexibility and market reach and in simplifying, streamlining and improving the efficiency by reducing administrative costs and making optimum use of resources.

India has emerged as a beacon of hope led by the government's vision of 'Viksit Bharat'. This has been powered by remarkable progress in digital infrastructure as well as the thrust in establishing the country as a manufacturing and services hub in a globalizing world economy. The country offers exciting opportunities for growth as it marches into the future with a young and dynamic demographic profile, rapid urbanization, rising incomes, growing consumption, technological leadership and accelerated digital adoption.

The IT networking industry is growing at a rapid rate and brands assume great importance in this scenario. In a fiercely competitive market, the brand will hold the key to our long-term success. Based on the quality and strengths of our world-class products, we are able to offer fantastic user experience to the users in the home networking, SOHO as well as Enterprise categories. Our brand building efforts include aggressive marketing activities, loyalty programmes for our partners and delivering quality training programmes that are in sync with the market demand. I am confident that DIGISOL will assume its rightful place as one of the prominent brands in the Indian networking industry.

I wish to put on record my sincere appreciation for the Government's initiatives in promoting local manufacturing by offering production linked incentives as well as mandating public sector companies to give preference to 'Made in India' products.

In conclusion, I would like to express my sincere gratitude to the members of the Board for their continuous guidance and support. I would also like to thank the government officials, partners, associates, customers, employees and our shareholders for their valued cooperation, trust and support. We will strive to build a better tomorrow for our stakeholders.

Thanking you,

Yours sincerely,

K. R. Naik
Executive Chairman

Management Discussion and Analysis

ECONOMIC OVERVIEW

The world economy is expected to grow by 3.2% in 2024 and 2025, similar to 2023 according to the baseline projection of World Economic Outlook. Advanced economies will slightly speed up, with growth rising from 1.6% to 1.7% in 2024 and 1.8% in 2025. Meanwhile, emerging markets and developing economies will see a small slowdown from 4.3% to 4.2% in both 2024 and 2025.

Global growth is projected to be at its lowest in decades, around 3.1% five years from now. Inflation will decrease from 6.8% in 2023 to 5.9% in 2024 and 4.5% in 2025, with advanced economies reaching their inflation targets sooner than emerging markets.

Core inflation will decline more gradually. Despite significant central bank interest rate hikes to restore price stability, the global economy has remained surprisingly resilient.

THE INDIAN ECONOMY

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at INR 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of INR 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23.

Strong domestic demand for consumption and investment, along with the Government's continued emphasis on capital expenditure are seen as among the key drivers of the GDP in the first half of FY24.

During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodities. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

INDUSTRY OUTLOOK IN INDIA

FICCI's latest Economic Outlook Survey puts forth an annual median GDP growth forecast for 2023-24 at 6.3 percent. The median growth forecast for agriculture and allied activities has been put at 2.7 percent for 2023-24, while industry and services sector are anticipated to grow by 5.6 percent and 7.3 percent respectively. CPI based inflation has a median forecast of 5.5 percent for 2023-24, with a minimum and maximum range of 5.3 percent and 5.7 percent respectively. Based on the responses

of the participating economists, the median forecast for exports has been put at USD 425.3 billion and for imports at USD 682.3 billion in 2023-24. RBI's policy repo rate is projected to be maintained at 6.5 percent until the end of the fiscal year 2023-24. (Source: FICCI)

The Indian Networking Industry

According to International Data Corporation's (IDC) Worldwide Semiannual Services Tracker, the Indian IT & Business Services market was valued at US\$7.14 billion in 1st half 2023 and recorded a 6.3% year-over-year (YoY) growth as compared to 7.4% in 1st half 2022. The slowing in growth rate is due to the restraint in IT spending among Indian enterprises brought by macroeconomic headwinds.

Indian enterprises invested in critical IT projects to gain quicker time to value in their key focus areas like enhancing customer experience, cybersecurity, and optimization of IT infrastructure and operations. Despite being cautious with IT services investments in the near term due to macroeconomic headwinds, Indian enterprises' investments in the upcoming years will be fueled by cloud, cybersecurity, and emerging technologies like Generative AI and 5G.

Within the IT & Business Services market, IT Services contributed 78.9% and grew by 6.7% in the 1st half of 2023 compared to the 8.1% growth in the 1st half of 2022. The IT & Business Services market is projected to grow at a CAGR of 7.2% between 2022-2027 and reach US\$ 19.59 billion by the end of 2027.

IDC classifies the IT & Business Services market into three primary markets – Project-Oriented, Managed Services, and Support Services. In the first half of 2023, project-oriented services registered the highest growth rate at 6.9%, followed by managed services at 6.0%, and support services at 5.3% respectively.

India's networking market, which includes Ethernet Switch, Routers, and WLAN segments, have very strong growth potential because of product availability and the demand for cloud technologies, cybersecurity, and emerging technologies like Generative AI and 5G. (Source: IDC)

We are as a progressive organization are conscious of our societal, organizational, and human goals and our human values form the backbone of our organization.

Our Values:

- Ethical and Integrity based approach in everything we do
- Value and develop employees for Talent, Initiative and Leadership

- Employee motivation through ownership and empowerment
- Performance and collaboration
- Customer Orientation and delight

Our vision has been to create a committed workforce through Shaping talent management around skills, knowledge sharing practices based upon our value system. The key element of our Human Resource strategy is to Drive HR innovations, to create people culture, and productivity accelerators through a hybrid work culture embedded with employee experience and wellness.

As on March 31, 2024, the Smartlink Group has 200+ employees. Smartlink's future success evolves around our ability to attract top talent, retain, and motivate highly qualified technical and management personnel, to approach the VUCA world.

RISK FACTORS

Smartlink invests its surplus in various financial instruments like mutual fund, bonds, non-convertible debentures and other securities and thus Smartlink is exposed to credit risk, market risk and interest rate risk.

The risk of technological obsolescence is very high in the segments where the company's subsidiaries operate. Moreover, the technological advancements are dictated by the large OEM players. On the other hand, we need to continuously invest to keep launching new products to enhance reach and reputation amongst customers and channel partners.

The company's subsidiaries are exposed to fluctuations in foreign exchange rate, in particular the movement of US dollar vis-à-vis the Indian Rupee as the subsidiaries import more than 60% of the components where the payment is in US Dollars. The fluctuation in interest rates and foreign exchange rates pose a risk to the competitiveness and pricing ability of the company. In today's constantly changing markets, companies may opt to maintain and grow sales by selling at competitive prices. Products have become commoditized over time as alternative products become available or the number of suppliers offering the same product increases.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACIES

Smartlink has aligned its current systems of internal financial control with the requirement of Companies Act, 2013. The Internal Control framework is intended to increase transparency and accountability in an organisation's process of designing and implementing a system of internal control. The framework requires the Company to identify and analyse risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness. Smartlink's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use, executing transactions with proper authorization and ensuring compliance of corporate policies.

THE AUDIT COMMITTEE PERIODICALLY REVIEWS THE FUNCTIONS OF INTERNAL AUDIT

Our management assessed the effectiveness of the Company's internal control over financial reporting (as defined in Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR Regulations")) as of March 31, 2024. Based on its evaluation (as defined in section 177 of Companies Act, 2013 and Regulation 18 of LODR Regulations, our audit committee has concluded that, as of March 31, 2024, our internal financial controls were adequate and operating effectively.

Independent Auditor's Report

TO THE MEMBERS OF SMARTLINK HOLDINGS LIMITED Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Smartlink Holdings Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and profit (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Notes 63 to the Standalone Financial Statements in respect of a scheme of Amalgamation ("the Scheme") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 of Synegra EMS Limited, subsidiary company with the Company, subject to the requisite statutory and regulatory approvals. The appointed date for the Scheme shall be April 01, 2024. On the Scheme becoming effective and with effect from the Appointed date, the account for the Amalgamation will be done as per the "Appendix C" of Ind AS 103 - Business Combinations.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2024 (current period). These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Valuation of Investments in Bonds and Mutual Funds

Refer Note 10 to the standalone Financial Statements.

As at March 2024, the Company has investments of Rs. 11,357.29 Lakhs in mutual funds and bonds which constitutes about 53.68% of the total assets of the company. During the year, the Company has recognised Rs. 440.93 Lakhs as fair value gain in the statement of Profit and Loss as per the requirements of Ind AS 109 "Financial Instruments".

Due to significance of amount involved, we have considered this as Key Audit Matter.

Our audit procedures to assess the Valuation of Investment in Bonds and Mutual Funds included the following: -

- Obtained an understanding and assessed the design, implementation and testing of the operating effectiveness of internal controls over the existence, valuation and classification, in mutual funds and bonds.
- Verified the de-mat account and statement of holdings to confirm the existence and accuracy of Bonds as at March 31, 2024.
- Verified the confirmations from Fund Houses and statements of holdings to confirm existence and accuracy of investments in Mutual Funds as on March 31, 2024.
- In respect of investments in mutual funds which are fair valued through profit or loss, performed independent price checks based on confirmation and statement of Net Asset Value (NAV) from mutual funds houses.
- In respect of investments in bonds which are valued at amortised cost, verified the deal sheets and computation of interest accrued.
- Evaluated the basis of classification of investments into the various categories of financial instruments.
- Verified the completeness and accuracy of the disclosures.

2. Impairment of Investment in subsidiaries

Refer Note 10 in standalone financial statements.

The Company has investments in subsidiaries at a gross value of Rs. 7,051.09 lakhs as on March 31, 2024. These investments are valued at cost less provision for impairment.

As at March 31, 2024, the Company has cumulative provision of Rs. 1,790.21 lakhs for impairment on investments in subsidiaries.

Due to significance of the above matter and involvement of the management judgement, we have considered this as a key audit matter.

Our audit procedures to assess the impairment of investment in subsidiaries included the following:

- Obtained an understanding and assessed the design, implementation and tested the operating effectiveness of internal controls over the valuation and impairment of investments in subsidiary companies.
- Obtained and reviewed the valuation report of the subsidiary to understand the fair value of the subsidiary.

Independent Auditor's Report

- Reviewed the financial statements of the subsidiaries and the future business plans/ projections furnished by the management.
- Made corroborative inquiries with appropriate level of the management personnel about future business plans/projections of the subsidiaries.
- Evaluated the evidence supporting the judgement of the management about estimated future cash flow and the reasonableness of the estimates which included specific risk factors by comparing the actual results of the current year to previous estimates.
- Assessed the appropriateness of impairment provision recognized by the management as at March 31, 2024.
- Verified the completeness and accuracy of the disclosures.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditor's Report

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(vi) below on reporting under Rule 11(g).
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report express an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control with reference to Standalone Financial Statements.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations on its financial position which requires disclosure in the standalone financial statements as at March 31, 2024.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund.
 - iv. (1) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
 - v. The Company has neither declared nor paid any dividend during the year.
 - vi. **In regard to Dynamics 365 Accounting Software:**

Based on our examination, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level throughout the year ended March 31, 2024 in respect of Dynamics 365 Accounting Software to log any direct data changes.

Further, the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software, except at the database level as stated above, in respect of which the audit trail facility has not operated throughout the year for all relevant transactions recorded in this Dynamics 365 Accounting Software during the year ended March 31, 2024.

Further, during the course of our examination, we did not come across any instance of audit trail feature being tampered with.

In regard to ZING HR Software:

Based on our examination, the Company has used an accounting software which is operated by a third-party software service provider for maintaining its payroll records. Based on an independent auditor's report of the service organization, the accounting software has a feature of recording audit trail (edit log) facility and the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software. Further, there were no instances of audit trail feature being tampered with.
3. In our opinion, according to information, explanations given to us, the remuneration for the year ended March 31, 2024 paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act read with Schedule V to the Act.

- i. (a) A. The company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment ("PPE") and relevant details of right to use assets.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment have been physically verified by the management at reasonable intervals during the year which, in our opinion, is reasonable having regards to the size of the Company and nature of its assets. No material discrepancies were identified on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and its intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i)(e) of the Order are not applicable to the Company.
- ii. (a) The Company is an investment company, and consequently, does not hold any inventory. Accordingly, the provisions stated in paragraph 3(ii)(a) of the Order are not applicable to the Company.
- (b) The Company has not been sanctioned working capital limits by banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, reporting under paragraph 3(ii)(b) of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security, granted any loans or advances in the nature of loans, secured or unsecured to any firm, limited liability partnership or other parties during the year. The Company has provided guarantee and has granted loans and advances in the nature of loans to Companies during the year, in respect of which the requisite information is as below. The Company has not made any investment in companies, firms, limited liability partnership or other parties during the year:
 - (a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has provided guarantee and unsecured loans to companies as below:

(Amount in Rs. Lakhs):

Particulars	Loans	Guarantees
Aggregate amount granted/provided during the year		
- Subsidiaries	3,340.00	6,300.00
Balance Outstanding as at balance sheet date in respect of above cases		
- Subsidiaries	NIL	6,300.00

- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the guarantee provided and terms and conditions of the grant of all loans and advances in the nature of loans and guarantees, provided during the year are not prejudicial to the interest of the Company.
- (c) In respect of the only loan granted by the Company to a Subsidiary, the schedule of repayment of principal and payment of interest has been stipulated in the loan agreement. Repayment or receipts of principal or interest have been regular considering the loans given by company to its subsidiary.
- (d) According to the information and explanation given to us, there is no amount overdue for more than ninety days in respect of loans given as the loan given by company to its subsidiary which are falling due during the year. Accordingly, the requirement to report on paragraph 3(iii)(d) of the Order is not applicable to the Company.
- (e) As per the information available to us, no loans or advances in the nature of loans granted have fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties, So, the comments on this clause does not arise.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on paragraph 3(iii)(f) of the Order is not applicable to the Company.
- iv. The Company has not granted any loans or provided any guarantees or security to the parties covered under Sections 185. Further in our opinion and according to the information and explanation given to us, the Company has complied with the provisions of section 186 of the Companies Act 2013 in respect of the loans provided, investments made and guarantees provided to parties covered under section 186 of the Act.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any amount which are deemed to be deposits from public within the meaning of sections 73 to 76 of the Companies Act and the rules framed thereunder. According to the information and explanation given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.

Annexure A to the Independent Auditor's Report (Cond.)

- vi. According to information and explanations given to us, the Central Government of India has not specified the maintenance of cost records under sub-section (1) of section 148 of the Companies Act, for any of the products of the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.
- vii. (a) According to the information and explanations given to us and records examined by us, the Company has been generally regular in depositing undisputed statutory dues in respect of provident fund, professional tax, employees' state insurance, income-tax, goods and service tax, cess and other statutory dues as applicable, with the appropriate authorities though there has been delays in few cases with regards to professional tax. According to the information and explanations given to us, there are no arrears of outstanding undisputed statutory dues as at March 31, 2024 for a period of more than six months from the date they became payable.

Annexure B to The Independent Auditor's Report OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SMARTLINK HOLDINGS LIMITED

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members of Smartlink Holdings Limited on the standalone financial statements of the Company for the year ended March 31, 2024]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Smartlink Holdings Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Standalone financial statements for the year ended March 31, 2024

(Amount in INR Lakhs, unless otherwise stated)

NOTE 1: CORPORATE INFORMATION

Smartlink Holdings Limited ("Company"), incorporated in Goa is a Non-Banking Financial Institution (NBFI) (non-deposit taking) as defined under Reserve Bank of India Act, 1934. The Company is public limited company incorporated and domiciled in India and has its registered office at Verna Industrial Estate, Goa, India. The company has its listing on BSE Limited and NSE Limited.

The Company operates as an Investment Company and earns majorly from investing activity.

The Financial Statements for the year ended March 31, 2024 were approved for issue by company's Board of Directors on May 09, 2024.

NOTE 2: MATERIAL ACCOUNTING POLICIES

Material accounting policies adopted by the Company are as under:

2.1 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in Indian Rupees (INR) in lakhs, which is also the functional currency of the company and all amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, except when otherwise indicated.

(b) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

2.2 Property, plant and equipment

Property, plant and equipment, are stated at historical cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment comprises its purchase price net of any discounts and rebates, any import duties and other taxes (other than those subsequently recovered from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, decommissioning costs, if any, and interest on borrowings attributable to it up to the date it is ready for its intended use. Cost of property, plant and equipment that are not yet ready for their intended use at the balance sheet date are shown under capital work-in-progress.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance costs are charged to Statement of Profit and Loss during the year in which they are incurred.

Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment using the straight line method over their estimated useful lives as under:

Property, plant and equipment	Useful Lives (in years)
Furniture and Fixtures	8
Motor Vehicle	5
Office Equipments	5
Electrical Installations	10
Air Conditioners	10
Computers	3

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Depreciation on derecognition of an asset from property plant and equipment is provided up to the date preceding the date of derecognition.

Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

2.3 Investment properties

Property that is held for long - term rental yield or for capital appropriation or both, and that is not used in the production of goods and services or for administrative purposes is classified as investment property.

Investment properties are measured initially at cost. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in profit or loss as incurred.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Investment properties include properties leased out and measured as right of use assets.

2.4 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives so as to reflect the pattern in which the assets economic benefits are consumed. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The amortisation of intangible asset is included in Depreciation and amortisation expense in statement of Profit & Loss account.

The Company amortized intangible assets using the straight line method over their estimated useful lives as under:

Intangible assets	Useful life (in years)
Computer Software (ERP)	3
Computer Software (other software)	4*
* Subject to license period	

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

2.5 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.6 Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

2.7 Revenue Recognition

(a) Interest income - the effective interest rate method

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVTOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

(b) Revenue from lease rentals

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

(c) Dividend Income

Dividend income (including from FVTOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

(d) Trading Income

Trading income includes all gains and losses from changes in fair value and the related interest income or expense and dividends, for financial assets and financial liabilities held for trading.

2.8 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(b) Deferred tax

Deferred tax is recognised on temporary differences, being differences between the carrying amount of assets and liabilities and corresponding tax bases used in the computation of taxable profit. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all temporary differences, except:

- (i) Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.9 Leases

The Company's lease asset classes primarily consist of leases for office and factory premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.10 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the higher of an assets fair value less cost of disposal and their value in use. Value in use is arrived at by

Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

discounting the future cash flows to their present value based on an appropriate pre-tax discount rate to determine whether there is any indication that those assets have suffered any impairment loss. When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.11 Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. In the event the time value of money is material, provision is carried at the present value of the cash flows required to settle the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.12 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents include cash on hand, cash in bank and short-term deposits net of bank overdraft.

2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Investment in subsidiaries

Interest in subsidiaries are recognised at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments.

The Company assesses at the end of each reporting period, if there are any indications that the said investments may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

(b) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in interest income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVTOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in interest income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in Interest income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

(iii) **Impairment of financial assets**

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original effective interest rate (EIR). When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount.

(iv) **Derecognition of financial assets**

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(c) Financial liabilities

(i) **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(d) Financial Guarantee Contracts

Financial guarantees are initially recognised in the financial statements (within 'other liabilities') at fair value. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Any increase in the liability relating to financial guarantees is recorded in the statement of profit and loss in credit loss expense. The premium received is recognised in the statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

(e) Offsetting financial instruments

Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.14 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) long-term employee benefit obligations

(i) Defined contribution plan

Provident Fund: The Company's contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan, are charged to the Statement of Profit and Loss in the period of accrual. The Company has no obligation, other than the contribution payable to the provident fund.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution plan as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(ii) Defined benefit plans

Gratuity:

The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the balance sheet with a charge/credit recognised in Other Comprehensive Income ("OCI") in the period in which they occur.

Remeasurements recognised in OCI is reflected immediately in surplus in statement of profit and loss account and is not reclassified to profit or loss in subsequent periods.

(c) Other long term employee benefits:

Company's liabilities towards compensated absences to employees which are expected to be availed or encashed beyond 12 months from the end of the year are accrued on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary using Projected Unit Credit Method.

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the statement of profit and loss.

2.15 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.16 Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

All borrowing costs are charged to the Statement of Profit and Loss except:

a) Borrowing costs directly attributable to the acquisition or construction of assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of such assets.

b) Expenses incurred on raising long term borrowings are amortised using effective interest rate method over the period of borrowings.

Investment Income earned on the temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

2.17 Dividend on ordinary shares

The Company recognises a liability when the distribution is authorised by the shareholders. A corresponding amount is recognised directly in equity.

2.18 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, unless otherwise stated.

NOTE 3: SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

In the preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively. Information about assumptions, judgements and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2024 are as below:

- (a) **Useful life of Property, plant and equipment, Investment Property and intangible assets and its expected residual value**
Property, plant and equipment, Investment Property and other intangible assets represent a significant proportion of the assets of the Company. Depreciation and amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (b) **Fair value measurements and valuation processes**
The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility for further details about determination of fair value.
- (c) **Actuarial Valuation**
The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. Information about such valuation is provided in notes to the financial statements.
- (d) **Impairment of non-financial assets**
In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.
- (e) **Effective Interest Rate (EIR) method**
The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the financial instruments.
This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.
- (f) **Impairment of financial asset**
The Company recognizes loss allowances for Expected Credit Losses (ECL) on its financial assets measured at amortized cost and Fair Value through Other Comprehensive Income (FVTOCI) except investment in equity instruments. At each reporting date, the Company assesses whether the above financial assets are credit- impaired. A financial asset is 'credit- impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

NOTE 4: RECENT ACCOUNTING PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA had not notified any new standards or amendments to the existing standards applicable to the Company.

NOTE 38: SEGMENT REPORTING

The Executive-Chairman of the Company acts as the chief operating decision maker (CODM) of the Company in accordance with Operating Segment (Ind AS 108), for purpose of assessing the financial performance and position of the Company, and make strategic decisions. The Company's business activities are mainly related to Investments and Real Estate, which are primarily assessed as a single reportable operating segment in accordance with Ind AS 108 by the CODM.

NOTE 39: FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

B. Measurement of fair value

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash, bank balances, short-term deposits, trade and other short-term receivables, trade payables and other financial liabilities approximate their carrying amounts largely due to short-term maturities of these instruments.
2. The fair value of non-current financial assets comprising of term deposits at amortised cost using Effective Interest Rate (EIR) are not significantly different from the carrying amount.
3. The fair value of Lease liabilities are calculated based on cash flows discounted using a current lending rate. They are classified at level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

NOTE 40: FAIR VALUE HIERARCHY

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

- Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. The fair value of Mutual funds and FVOCI bonds and preference shares are based on published net assets values or other observable market data. They are classified at level 2 in the fair value hierarchy.
- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

NOTE 41: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimise the Company's position with regards to interest income, treasury team manages the interest rate risk by diversifying its portfolio across tenures. The Company does not have exposure to the risk of changes in market interest rates as the Company's long-term debt obligations are with fixed interest rates.

(ii) Price risk

The Company's exposure to securities risk arises from investments held by the Company and classified in the Balance Sheet as fair value through OCI.

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk primarily arises from cash equivalents, trade receivables, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss or other comprehensive income. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

For other financial assets and investments, the Company has an investment policy which allows the Company to invest only with counterparties having a good credit rating. The Company reviews the credit worthiness of these counterparties on an on-going basis. Counterparty limits may be updated as and when required subject to approval of Board of Directors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2024 and March 31, 2023 is the carrying amounts as mentioned in Note 5, 6, 7, 8 and 10.

(C) Liquidity risk

The Company's principal sources of liquidity are 'cash and cash equivalents' and cash flows that are generated from operations. The Company believes that its working capital is sufficient to meet the financial liabilities within maturity period. The Company has no borrowings. Additionally, the Company has invested its surplus funds in fixed income securities or instruments of similar profile thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Company carries a negligible liquidity risk.

TO THE MEMBERS OF SMARTLINK HOLDINGS LIMITED Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Smartlink Holdings Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including the Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2024, of its consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Notes 68 to the Consolidated Financial Statements in respect of a scheme of Amalgamation ("the Scheme") pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 of Synegra EMS Limited, subsidiary company with the Holding Company, subject to the requisite statutory and regulatory approvals. The appointed date for the Scheme shall be April 01, 2024. On the Scheme becoming effective and with effect from the Appointed date, the account for the Amalgamation will be done as per the "Appendix C" of Ind AS 103 - Business Combinations.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Revenue Recognition from Networking Products

Refer the disclosure related to Revenue recognition in Note 26 to the accompanying Consolidated Financial Statements.

The Group has two business segments, a) Investment b) Networking products: Developing, manufacturing, sales and servicing of various Information technology (IT) hardware products.

Revenue from sale and servicing of networking products is recognised net of returns and trade discounts. The Group recognises revenue when performance obligations as per the underlying contracts are satisfied in accordance with Ind AS 115 - Revenue from Contract with Customers ("Ind AS 115"). The terms set out in the Group's sales contracts are varied which affect the timing of revenue recognition.

We have identified Revenue recognition from networking products as a Key Audit Matter because Ind AS 115 involved assessing if distinct performance obligations exists under each type of the contracts and ensuring that the revenue is recognised in the appropriate period in which contractual obligation is satisfied.

Our audit procedures to assess the recognition of revenue from Networking Products included the following:

- Obtained an understanding and assessed the design, implementation and operating effectiveness of internal controls over identification of the contractual obligation existence, accuracy and timing of revenue recognition.
- Verified the contracts on test check basis to identify performance obligations under the contract and to assess whether revenue is recognised in the period in which the performance obligation is satisfied.
- Performed substantive transactional testing on test check basis.
- Performed substantive analytical procedures considering the revenue trends of the previous years and the relationship between revenue and other financial statement line items.
- Reconciled the revenue with sales register.
- Performed cut-off testing to validate the timing of revenue recognition determined by management.
- Verified the completeness and accuracy of the disclosures.

2. Valuation of Investments in Bonds and Mutual Funds

Refer Note 13 to the consolidated financial statements.

As at March 31, 2024, the Holding Company has investments of Rs. 11,659.31 Lakhs in mutual funds and bonds which constitutes about 42.99% of the total assets of the Group. During the year, the Holding Company has recognised Rs. 443.01 Lakhs as fair value gain in the statement of Profit and Loss as per requirements of Ind AS 109 "Financial Instruments".

Due to significance of amount involved, we have considered this as Key Audit Matter.

Independent Auditor's Report

Our audit procedures to assess the Valuation of Investment in Bonds and Mutual Funds included the following:

- Obtained an understanding and assessed the design, implementation and testing of the operating effectiveness of internal controls over the existence, valuation and classification, in mutual funds and bonds.
- Verified the de-mat account and statement of holdings to confirm existence and accuracy of Bonds as at March 31, 2024
- Verified the confirmations from Fund Houses and statements of holdings to confirm existence and accuracy of investments in Mutual Funds as on March 31, 2024.
- In respect of investments in mutual funds which are fair valued through profit or loss, performed independent price checks based on confirmation and statement of Net Asset Value (NAV) from mutual funds houses.
- In respect of investments in bonds which are valued at amortised cost, verified the deal sheets and computation of interest accrued.
- Evaluated the basis of classification of investments into the various categories of financial instruments.
- Verified the completeness and accuracy of the disclosures.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in Director's Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of two subsidiaries whose financial statements reflect total assets (before consolidation adjustment) of Rs. 12,383.42 lakhs as at March 31, 2024, total revenue (before consolidation adjustment) of Rs. 26,772.07 lakhs and total net profit after tax (before consolidation adjustment) of Rs. 420.42 lakhs and net cash inflow (before consolidation adjustment) amounting to Rs. 20.34 lakhs for the year ended on that date, as considered in the consolidated financial statements, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in the paragraph 1(vii) below on reporting under Rule 1(g)(iv).
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015.
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2024 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The group does not have any pending litigations on its financial position which require disclosures in the consolidated financial statements as at March 31, 2024.
 - ii. The Group did not have any material foreseeable losses, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

Independent Auditor's Report

- iv. (1) The Management of the Holding Company has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company, and its subsidiary companies to or in any other persons / entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries have, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, and its subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (2) The Management of the Holding Company has represented that, to the best of its knowledge and belief, no funds have been received by the Holding Company, and its subsidiary companies from any person(s) / entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company and its subsidiary companies have directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (3) Based on our audit procedures which we have considered reasonable and appropriate in the circumstances and according to the information and explanations provided to us by the Management of the Holding Company in this regard, nothing has come to our notice that has caused us to believe that the representations made by the Management of the Holding Company under sub-clause (1) and (2) contain any material misstatement.
- v. The Holding Company and its subsidiary company incorporated in India have not declared or paid dividend during the year and therefore reporting compliance with section 123 of the Act is not applicable.
- vi. **In regard to Dynamics 365 Accounting Software:**

Based on our examination, the Holding Company and its subsidiaries incorporated in India have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level throughout the year ended March 31, 2024 in respect of Dynamics 365 Accounting Software to log any direct data changes.

Further, the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software, except at the database level as stated above, in respect of which the audit trail facility has not operated throughout the year for all relevant transactions recorded in this Dynamics 365 Accounting Software during the year ended March 31, 2024.

Further, during the course of our examination, we did not come across any instance of audit trail feature being tampered with.

In regard to ZING HR Software:

Based on our examination, the Holding Company and its subsidiaries incorporated in India have used an accounting software which is operated by a third-party software service provider for maintaining its payroll records. Based on an independent auditor's report of the service organization, the accounting software has a feature of recording audit trail (edit log) facility and the audit trail facility has been operated throughout the year for all relevant transactions recorded in the accounting software. Further, there were no instances of audit trail feature being tampered with

2. In our opinion, according to information, explanations given to us, the remuneration for the year ended March 31, 2024 paid by the Group to its directors is within the limits laid prescribed under Section 197 of the Act read with Schedule V to the Act.
3. According to the information and explanations given to us and based on the CARO reports issued by us for the Company and on consideration of CARO reports by statutory auditors of subsidiaries associates included in the consolidated financial statements of the Company to which reporting under CARO is applicable, we report that there are no Qualifications/adverse remarks.

Annexure A to the Independent Auditor's Report

OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SMARTLINK HOLDINGS LIMITED FOR THE YEAR ENDED MARCH 31, 2024

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Smartlink Holdings Limited on the consolidated Financial Statements for the year ended March 31, 2024]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of Smartlink Holdings Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Independent Auditor's Report

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTE 1: CORPORATE INFORMATION

Smartlink Holdings Limited (formerly known as Smartlink Network Systems Limited) ("Company" or "Parent" or "Parent Company"), incorporated in Goa is a Non-Banking Financial Institution (NBFI) (non-deposit taking) as defined under Reserve Bank of India Act, 1934. The Company's registered office is situated at Verna Industrial Estate, Goa, India.

The Consolidated Financial Statement of Smartlink Holdings Limited comprise of the financial statements of the Parent Company and its subsidiaries Digisol Systems Limited and Synegra EMS Limited, together referred to as the 'Group'.

The parent Company operates as an Investment Company and earns majorly from investing activity.

Digisol Systems Limited is in the business of developing, manufacturing, marketing, distributing and servicing of various categories of Networking and Information Technology (IT) Products.

Synegra EMS Limited is in the business of manufacture of various categories of electronic and IT products on job work basis and also engages in contract manufacturing for Original Equipment Manufacturers.

Telesmart SCS Limited was in the business of manufacture of various category of electronic and IT products. During the previous year company had merged with Digisol Systems Limited (refer note 37(B)).

The Board of Directors approved the consolidated financial statements for the year ended March 31, 2024 and authorised for issue on May 9, 2024.

NOTE 2: MATERIAL ACCOUNTING POLICIES

Material accounting policies adopted by the Group are as under:

2.1 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Company (Indian Accounting Standard) Amendment Rules, 2016.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in Indian Rupees (INR) in lakhs, which is also the functional currency of the company and all amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, except when otherwise indicated.

(b) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

2.2 Principles of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The Group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

Business combinations

Acquisition of subsidiaries and businesses are accounted for using the purchase method. The consideration transferred in each business combination is measured at the aggregate of the acquisition date, fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree.

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

Acquisition related costs are recognised in the consolidated statement of profit and loss.

Goodwill arising on acquisition is recognised as an asset and measured at cost, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, after re-assessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve on consolidation.

Once control has been achieved, any subsequent acquisitions where the Group does not originally hold a hundred percent interest in a subsidiary are treated as an acquisition of shares from non-controlling shareholders. The identifiable net assets are not subject to further fair value adjustments and the difference between the cost of acquisition of the noncontrolling interest and the net book value of the additional proportion acquired is adjusted in equity. The amount of non-controlling interests in the acquiree is measured either at the non-controlling interests proportion of the net fair value of the assets, liabilities and contingent liabilities recognised or at fair value.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder's equity.

When a transaction or other event does not meet the definition of a business combination due to the asset or group of assets not meeting the definition of a business, it is termed an 'asset acquisition'. In such circumstances, the acquirer:

- identifies and recognises the individual identifiable assets acquired
- allocates the cost of the group of assets and liabilities to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase.

Such a transaction or event does not give rise to goodwill or a gain on a bargain purchase.

2.3 Property, plant and equipment

Property, plant and equipment, are stated at historical cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment comprises its purchase price net of any discounts and rebates, any import duties and other taxes (other than those subsequently recovered from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, decommissioning costs, if any, and interest on borrowings attributable to it up to the date it is ready for its intended use. Cost of property, plant and equipment that are not yet ready for their intended use at the balance sheet date are shown under capital work-in-progress.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance costs are charged to Statement of Profit and Loss during the year in which they are incurred.

Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

Depreciation methods, estimated useful lives

The Group depreciates Property, Plant and Equipments using the straight line method over their estimated useful lives as under:

Property, plant and equipment	Useful Lives (in years)
Plant and Equipments	8
Furniture and Fixtures	8
Motor Vehicle	5
Office Equipment	5
Electrical Installations	10
Air Conditioners	10
Computers	3

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use.

Depreciation on derecognition of an asset from property plant and equipment is provided up to the date preceding the date of derecognition.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

2.4 Investment properties

Property that is held for long - term rental yield or for capital appropriation or both, and that is not used in the production of goods and services or for administrative purposes is classified as investment property.

Investment properties are measured initially at cost. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in profit or loss as incurred.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Investment properties include properties leased out and measured as right of use assets.

2.5 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives so as to reflect the pattern in which the assets economic benefits are consumed. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The amortisation of intangible asset is included in Depreciation and amortisation expense in statement of Profit & Loss account.

The Group amortized intangible assets using the straight line method over their estimated useful lives as under :

Intangible assets	Useful life (in years)
Computer Software (ERP)	3
Computer Software (other software)	4
Technical know-how	5

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

2.6 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Group's functional and presentation currency.

(b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.7 Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Group.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Group's management determines the policies and procedures for fair value measurement.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

2.8 Revenue Recognition

(a) Interest income

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVTOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset. The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

(b) Revenue from lease rentals

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

(c) Dividend Income

Dividend income (including from FVOCI investments) is recognised when the Group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

(d) Trading Income

Trading income includes all gains and losses from changes in fair value and the related interest income or expense and dividends, for financial assets and financial liabilities held for trading.

(e) Revenue Recognition

Sale of Products

Revenue from contract with customers is recognised at a point in time when the Company satisfies the performance obligation by transferring / delivering promised goods to the customer. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable, and is net of discounts, allowances, returns, goods and services tax and amounts collected on behalf of third party.

Rendering of Services

The Company primarily earns revenue from repair charges. Revenue is recognised in accordance with the terms of the contract with customers when the identified performance obligation is completed. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable and is net of Goods and Service Tax.

Royalty Income

Royalty Income represents earning from licensing arrangements of the Company's trademarks. Revenue from royalty is recognised in accordance with the agreement with customers when the identified performance obligation is satisfied. The revenue is measured at the agreed basis representing the fair value of consideration received or receivable and is net of Goods and Service Tax.

2.9 Accounting for Government Grants

Government grants in terms of incentives are recognized only when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

The Government grant in the form of incentives are recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and the achievement of the performance criteria for being eligible for receipt of the grant. The grants are presented under 'Other Operating Income' in the Statement of Profit and Loss."

2.10 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(b) Deferred tax

Deferred tax is recognised on temporary differences, being differences between the carrying amount of assets and liabilities and corresponding tax bases used in the computation of taxable profit. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all temporary differences, except:

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

- (i) Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.11 Leases

The Company's lease asset classes primarily consist of leases for office and factory premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.12 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the fair value less cost to sell and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate pre-tax discount rate to determine whether there is any indication that those assets have suffered any impairment loss. When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.13 Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. In the event the time value of money is material, provision is carried at the present value of the cash flows required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are possible assets that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents include cash on hand, cash in bank and short-term deposits net of bank overdraft.

Notes forming part of the consolidated financial statements

2.15 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in Interest income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in Interest income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in Interest income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

(iii) Impairment of financial assets

The Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets.

For recognition of impairment loss on financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount.

(Amount in INR lakhs, unless otherwise stated)

(iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(c) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(d) Financial Guarantee Contracts

Financial guarantees are initially recognised in the financial statements (within 'other liabilities') at fair value. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Any increase in the liability relating to financial guarantees is recorded in the statement of profit and loss in credit loss expense. The premium received is recognised in the statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

(e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.16 Inventories

Inventories are valued at the lower of cost (on weighted average basis) and net realisable value.

Cost of inventories comprises of cost of purchases, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The net realizable value of work in progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed the net realizable value.

2.17 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) long-term employee benefit obligations

(i) Defined contribution plan

Provident Fund: The Group's contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan, are charged to the Statement of Profit and Loss in the period of accrual. The Group has no obligation, other than the contribution payable to the provident fund.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution plan as the Group does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

(ii) Defined benefit plans

Gratuity:

The Group provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the balance sheet with a charge/credit recognised in Other Comprehensive Income ("OCI") in the period in which they occur.

Remeasurements recognised in OCI is reflected immediately in Surplus in statement of profit and loss account and is not reclassified to profit or loss in subsequent periods.

(c) Other Long Term Employee Benefits:

Group's liabilities towards compensated absences to employees which are expected to be availed or encashed beyond 12 months from the end of the year are accrued on the basis of valuations, as at the Balance sheet date, carried out by an independent actuary using Projected Unit Credit Method.

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the statement of profit and loss.

2.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Group's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.19 Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

All borrowing costs are charged to the Statement of Profit and Loss except:

- Borrowing costs directly attributable to the acquisition or construction of assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of such assets.
- Expenses incurred on raising long term borrowings are amortised using effective interest rate method over the period of borrowings.

Investment Income earned on the temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

2.20 Dividend on ordinary shares

The Group recognises a liability when the distribution is authorised by the shareholders. A corresponding amount is recognised directly in equity.

(Amount in INR lakhs, unless otherwise stated)

2.21 Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker.

The group has two business segments:

- (i) Investment: Earning income through dividends, interest, rentals and gains on Investment in securities and property.
- (ii) Networking Products: Developing, manufacturing, marketing, distributing and servicing of networking products.

2.22 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, unless otherwise stated.

NOTE 3: SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

In the preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively. Information about assumptions, judgements and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2024 are as below :

- (a) Useful life of Property, plant and equipment, Investment Property and intangible assets and its expected residual value
Property, plant and equipment, Investment Property and other intangible assets represent a significant proportion of the assets of the Group. Depreciation and amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (b) Fair value measurements and valuation processes
The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility for further details about determination of fair value.
- (c) Actuarial Valuation
The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. Information about such valuation is provided in notes to the financial statements.
- (d) Impairment of non-financial assets
In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.
- (e) Effective Interest Rate (EIR) method
The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the financial instruments. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.
- (f) Impairment of financial asset
The Group recognizes loss allowances for Expected Credit Losses (ECL) on its financial assets measured at amortized cost and Fair Value through Other Comprehensive Income (FVOCI) except investment in equity instruments. At each reporting date, the Group assesses whether the above financial assets are credit- impaired. A financial asset is 'credit- impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

NOTE 4: RECENT ACCOUNTING PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA had not notified any new standards or amendments to the existing standards applicable to the Company.

NOTE 45: FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

B. Measurement of fair value

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash, bank balances, short-term deposits, other short-term receivables, trade payables and other financial liabilities approximate their carrying amounts largely due to short-term maturities of these instruments.
2. The fair value of non-current financial assets comprising of term deposits at amortised cost using Effective Interest Rate (EIR) are not significantly different from the carrying amount.
3. The fair value of Lease liabilities are calculated based on cash flows discounted using a current lending rate. They are classified at level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

NOTE 46: FAIR VALUE HIERARCHY

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

NOTE 47: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Group's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Group does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of risk interest rate risk and price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimise the Group's position with regards to interest income, treasury team manages the interest rate risk by diversifying its portfolio across tenures.

(ii) Price risk

The Group's exposure to securities arises from investments held by the Group and classified in the Balance Sheet as fair value through OCI.

(iii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the holding Company's functional currency).

(a) The Company's exposure to foreign currency risk at the end of the year is as follows:

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade Receivables	USD	238.42	104.21
Trade Payables	USD	958.64	1,165.81

(b) Foreign currency sensitivity

The following table details the Company's sensitivity to a 1% increase and decrease against the US Dollar. 1% is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rates.

Particulars	As at March 31, 2024	As at March 31, 2023
Impact of 1% strengthening against USD - Decrease in loss	11.97	12.70
Impact of 1% weakening against USD- Increase in loss	11.97	12.70

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk primarily arises from cash equivalents, trade receivables, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

For trade receivables, credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

For other financial assets and investments, the Company has an investment policy which allows the Company to invest only with counterparties having a good credit rating. The Company reviews the creditworthiness of these counterparties on an on-going basis. Counterparty limits may be updated as and when required subject to approval of Board of Directors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2024 and March 31, 2023 is the carrying amounts as mentioned in Note 5, 6, 7, 8, and 13.

(C) Liquidity risk

The Group's principal sources of liquidity are 'cash and cash equivalents' and cash flows that are generated from operations. The Group believes that its working capital is sufficient to meet the financial liabilities within maturity period. The Company has no borrowings. Additionally, the Group has invested its surplus funds in fixed income securities or instruments of similar profile thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Group carries a negligible liquidity risk.

Notes forming part of the consolidated financial statements

(Amount in INR lakhs, unless otherwise stated)

NOTE 64:

Synegra EMS Limited (Synegra), subsidiary Company had received approval under the Production Linked Incentive (PLI) to promote Telecom and Networking Products manufacture in India (the PLI scheme) on October 14, 2021 from the Competent Authority. Under the PLI scheme Synegra had recognised an income of Rs. 135.77 lakhs in the financial year ended March 31, 2022 on fulfilment of the conditions for eligibility of incentive under the PLI scheme.

During the previous year, on October 31, 2022 Synegra had received approval under the extended PLI scheme and the Board of Directors of Synegra at their meeting held on November 2, 2022 had approved the exit from the erstwhile PLI scheme and opting for the extended PLI scheme. Consequently, Synegra had derecognised the said incentive of Rs. 135.77 lakhs and charged the amount to other expenses in the quarter ended September 30, 2022.

Further on fulfilment of the conditions for eligibility of incentive under the extended PLI scheme, the Company has recognised incentive for the year ended March 31, 2024 INR 431.53 lakhs (March 31, 2023 INR 280 lakhs).

NOTE 65:

As at March 31, 2024, the Group did not have any outstanding long term derivative contracts (previous year INR NIL)

NOTE 66:

There were no whistleblower complaints received during the financial year 2023-24.

NOTE 67:

As per the Ministry of Corporate Affairs (MCA) notification, proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, for the financial year commencing April 1, 2023, every company which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled. The interpretation and guidance on what level edit log and audit trail needs to be maintained evolved during the year and continues to evolve.

The Company uses an accounting software and a payroll application for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software and the payroll application, except that the audit trail feature is not enabled at the database level for the accounting software. Further no instance of audit trail feature being tampered with was noted in respect of the accounting software and payroll application. The same has been enabled from April 2024.

NOTE 68:

The Board of Directors of the Parent Company at their meeting on February 09, 2024 has considered and approved the Scheme of Amalgamation (pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013) of Synegra EMS Limited, subsidiary company with the Company, subject to the requisite statutory and regulatory approvals. The appointed date for the Scheme shall be April 01, 2024. The Company has filed the Scheme with the National Company Law Tribunal, Mumbai on April 30, 2024.
