# CHAIRMAN'S MESSAGE

**K. R. Naik**  
Executive Chairman

“ As we move forward, your Company remains committed to strengthening its capabilities, pursuing disciplined growth, serving customers with reliable and innovative solutions, and creating sustainable long-term value for all stakeholders.

**Dear Shareholders,**

It gives me great pleasure to present the Annual Report of your Company for the financial year ended March 31, 2026. The year was marked by meaningful progress for the Company, even as the broader business environment remained complex and uncertain.

During the year, global geopolitical tensions, supply-chain volatility, logistics disruptions, and intermittent shortages of critical chipsets and electronic components continued to affect the electronics and networking industry. In this environment, your Company remained focused on operational discipline, business continuity, prudent capital allocation, and long-term value creation.

### **Industry Outlook and Manufacturing Opportunity**

Notwithstanding these external challenges, the Indian networking industry continues to present attractive long-term opportunities. Growth in cloud infrastructure, enterprise digitisation, cybersecurity, data consumption, generative AI applications, and the continued rollout of 5G is expected to sustain demand for reliable networking and connectivity solutions.

India's electronics manufacturing ecosystem is also gaining momentum, supported by policy initiatives that encourage domestic value addition, local manufacturing, and design capability. Your Company is aligned with this opportunity and has strengthened its focus on local manufacturing, product innovation, and software and hardware R&D operations in Bengaluru.

### **Strategic Evolution and Innovation Focus**

SMARTLINK's association with electronics manufacturing dates back to 1993 in Goa, when the Company established a manufacturing facility in collaboration with an international networking products brand. While industry dynamics have changed significantly over time, this early experience provided the Company with valuable exposure to manufacturing processes, quality systems and product standards. Building on this foundation, Smartlink is progressively strengthening its position as an Electronics Manufacturing Services provider and Original Design Manufacturer, with capabilities across product concept, hardware and software design, engineering, prototyping, manufacturing and product support.

DIGISOL is a well-established Indian networking brand with a legacy of more than 15 years, supported by a strong nationwide sales, marketing and service presence. Over the years, the brand has steadily gained market share and wider customer acceptance by offering reliable, value-driven products that are designed for the Indian market and aligned with the Government's Make in India vision.

Despite intense competition from multinational brands, DIGISOL has demonstrated resilience by strengthening its product portfolio, expanding customer reach and investing in brand-building initiatives such as focused marketing, loyalty programs and market-aligned training. The Company has also continued to introduce new and upgraded products across key networking and connectivity categories, reflecting its focus on innovation, customer needs and Make in India execution. The growing acceptance of these products reinforces our confidence in DIGISOL's continued growth as a trusted and competitive Indian brand in the networking industry.

### **Financial Performance**

I am pleased to report that Smartlink Holdings Limited delivered excellent financial results during the financial year 2025-26,

reflecting the strength of our strategic transition, innovation-led approach, and growing relevance of our business model.

Our Standalone Revenue from Operations for the year ended March 31, 2026, stood at INR 12,546.81 lakhs, compared with INR 9,696.51 lakhs in the previous financial year, representing healthy growth of 29.40%.

Standalone Profit After Tax increased significantly to INR 1,321.99 lakhs, compared with INR 253.68 lakhs in the previous year. This improvement was supported by stronger business performance and the reversal of impairment loss amounting to INR 1,288.36 lakhs recognised during the year, arising from the substantial improvement in the business of our wholly owned subsidiary, Digisol Systems Limited.

On a consolidated basis, Revenue from Operations increased by 25.55% to INR 26,934.75 lakhs from INR 21,452.63 lakhs in the previous financial year. Consolidated Profit After Tax stood at INR 1,314.55 lakhs, compared with INR 660.51 lakhs in the previous year, driven by strong operating performance by Digisol Systems Limited. These results provide a solid foundation for the next phase of growth and reinforce our confidence in the long-term potential of the Company.

While we acknowledge this performance, we remain mindful of the challenges that continue to affect the electronics and networking industry, including global geopolitical uncertainty, logistics disruptions, currency volatility and periodic shortages of chipsets. Our approach will continue to be prudent and proactive, with emphasis on supply-chain resilience, disciplined working capital management, local manufacturing, product innovation and customer-centric execution.

### **Government Support and Policy Environment**

I wish to once again place on record my sincere appreciation for the Government of India's continued policy support towards strengthening domestic electronics manufacturing. Initiatives such as Make in India, Atmanirbhar Bharat and the Production Linked Incentive (PLI) schemes for electronics and IT hardware are creating a more supportive ecosystem for local manufacturing, design-led innovation, component development and scale-based competitiveness. These measures are encouraging Indian companies to invest in capacity, technology, quality and R&D, while also helping build a stronger domestic supply chain and reducing dependence on imports. Your Company is aligned with this national vision and remains committed to contributing meaningfully to India's journey towards becoming a trusted global hub for electronics system design and manufacturing.

### **Gratitude and Commitment**

I take this opportunity to express my sincere gratitude to the members of the Board, government authorities, business partners, associates, customers, employees and shareholders for their continued trust, guidance and support. As we move forward, your Company remains committed to strengthening its capabilities, pursuing disciplined growth, serving customers with reliable and innovative solutions, and creating sustainable long-term value for all stakeholders.

Thanking you,

Yours sincerely,

**K. R. Naik**

Executive Chairman

# BUSINESS OVERVIEW

## SMARTLINK HOLDINGS LIMITED

Smartlink Holdings Limited has been a prominent player in the IT networking products industry for over three decades, with deep expertise in sourcing, manufacturing, sales, marketing, and customer support. Smartlink is a trusted ODM (Original Design Manufacturer) and EMS (Electronics Manufacturing Services) provider, operating a large, certified manufacturing facility in Goa.

In alignment with the 'Make in India' initiative, Smartlink maintains its R&D operations in Bengaluru, focused on developing software for network switches, Wi-Fi and FTTH products. Smartlink's subsidiary, DIGISOL SYSTEMS LIMITED, serves as its branded products company.

Smartlink manufactures a wide range of products, including advanced FTTH and Wi-Fi solutions, structured cabling (such as Copper/Fiber Patch

Cords, LIUs, Patch Panels), telecom equipment, electric vehicle (EV) chargers, and defence electronics. Components are sourced from both trusted local vendors and renowned global suppliers to ensure superior quality and reliability.

With over three decades of expertise, Smartlink brings a highly skilled team and robust capabilities

in electronics manufacturing and component sourcing. Smartlink continues to serve as a contract manufacturing partner to DIGISOL SYSTEMS LIMITED and other electronic brands. Strongly positioned under the 'Make in India' initiative, Smartlink is poised for steady growth in both domestic and export markets, offering world-class manufacturing solutions backed by innovation and quality.

## DIGISOL SYSTEMS LIMITED

DIGISOL SYSTEMS LIMITED

is a brand products company which is into the sales,

marketing, and service support of DIGISOL brand products. It offers a comprehensive range of IT networking products across two broad categories: Active Networking Products and Passive Networking (Structured Cabling) Products.

DIGISOL is an Indian IT networking brand whose 'Made in India' product portfolio has significantly contributed to the growth of Smart Cities, Education, Hospitality, Healthcare, Real Estate, Infrastructure, Banking, and Data Centres.

The IT networking industry continues to undergo rapid transformation, driven by emerging technologies and evolving customer demands. Amidst this dynamic landscape, a trusted brand like DIGISOL offers confidence and clarity. DIGISOL views brand building as a long-term strategic investment and executes bold and differentiated marketing initiatives to establish its position as a future-ready networking brand. From product excellence to impactful outreach, the focus remains on creating lasting brand value for sustainable growth.

DIGISOL strengthens its ecosystem through initiatives such as the SI Premier League and T2 Go Miles. The DIGISOL Institute of Technical Training (DITT) offers industry-relevant training to network engineers, ISPs, and channel partners. The DIGISOL Alliance Partner Program further builds strong partner relations through strategic sales schemes for System Integrators and Channel partners. The SI Premier League has been one of the most exciting and impactful System Integrators programs in DIGISOL's history generating tremendous energy and healthy competition among system integrators. In FY 2025-26, participation in the scheme saw remarkable growth, with a significant increase in the number of qualified SIs, reflecting the program's expanding reach and the enthusiasm it has generated across the channel community.

### DIGISOL OFFERINGS:

#### TEC Certified Products

DIGISOL's FTTH and switching solutions carry TEC (Telecommunication Engineering Centre) certification, making them trusted by major telecom service providers across India. TEC

certification validates compliance with Indian telecom standards and is a key quality differentiator in the market.

## Business Overview

### Active Networking Products

DIGISOL SYSTEMS LIMITED offers a broad portfolio of over 200 active networking products under the DIGISOL brand, addressing a wide spectrum of IT networking needs. Many of these high-quality solutions are backed by Smartlink's advanced manufacturing facility and DIGISOL's strong nationwide distribution network. DIGISOL ensures a seamless customer experience through expert call-based technical support.

The Active product line is organised across the following categories:

#### SWITCHING

- Managed, Unmanaged, Fully Managed, Lite/Smart Managed, Chassis, Industrial and Multigig Switches, Transceivers, Media Converters.

#### WIRELESS (WI-FI)

- Wi-Fi 6 Indoor/Outdoor/Enterprise Access Points, Controllers, USB Adapters, Range Extenders.

#### FTTH (FIBRE TO THE HOME)

- XPON ONUs, GPON OLTs, GEAPON OLTs, PON Transceivers.

DIGISOL continues to innovate with cutting-edge products such as Next-Gen Wi-Fi 6 wireless solutions, up to 100G fiber systems, commercial and industrial-grade switches for SMBs and SMEs, PoE-based media converters, and a complete FTTH product line. In alignment with the "Make in India" vision, DIGISOL has introduced a new generation of indigenously manufactured XPON ONUs, EPON/GPON OLTs, and networking switches produced at Smartlink's Goa manufacturing facility.

The recent launch of Multigig L3 PoE and Non-PoE Switches further adds flexibility and cost-efficiency to DIGISOL's active offerings, reinforcing its reputation for quality, reliability, and performance.

During the year, the Company continued to strengthen its active networking portfolio with a focus on compliance and product quality. Over 127 products have been certified under TEC, covering switching and FTTH categories. The Company also received ITSAR Proterm Certification for its Dual Band ONT and certification under the Trusted Telecom Portal (TTP).

## Passive Networking - Structured Cabling System (SCS)

With the rapid evolution of technologies like 5G, IoT, Wi-Fi 6, SDN, and Cloud Computing, alongside large-scale initiatives like Smart Cities, the demand for high-speed reliable networking infrastructure has surged. DIGISOL's Structured Cabling System (SCS) is designed to meet these needs, enhancing enterprise performance today and enabling future opportunities.

DIGISOL's Channel SCS Range provides a complete suite of Copper, Fiber, and FTTH passive solutions, compliant with EIA/TIA, ISO/IEC, and UL international standards, RoHS-certified, and backed by a 25-year international performance warranty. The passive product line is organised across the following categories:

### COPPER

- Solid Cable, Keystones, Patch Panels, Copper Patch Cords, Faceplates, RJ45 Connectors.

### FIBER

# Management Discussion and Analysis

## ECONOMIC OVERVIEW

The global economic environment during FY 2025–26 remained challenging due to continued geopolitical tensions, evolving trade dynamics, inflationary pressures, and supply-side disruptions across multiple regions. Ongoing geopolitical conflicts and trade uncertainties continued to impact commodity prices, logistics costs, and business sentiment across industries.

Global growth remained below long-term averages as businesses and governments continued to navigate the impact of geopolitical conflicts, elevated interest rates, trade policy developments and fluctuations in commodity markets.

According to the International Monetary Fund, global GDP growth is projected at approximately 3.1% in 2026, marginally higher than 3.0% in 2025, supported by easing inflation and gradual normalization in supply chains. However, growth recovery remained uneven across regions and below long-term averages.

Although inflationary pressures moderated in certain advanced economies during the year, volatility in commodity prices, particularly copper, gold, silver, and petrochemical derivatives, continued to impact input costs across manufacturing sectors. The electronics and networking industry also witnessed intermittent constraints in semiconductor availability, affecting procurement cycles, pricing, and lead times.

Further, the appreciation of the US Dollar against emerging market currencies, including the Indian Rupee, led to higher import costs for component-dependent industries. These factors continued to influence pricing dynamics and operating margins across the value chain.

The persistence of these factors continues to create uncertainty across global supply chains and may impact business sentiment, capital expenditure cycles, and profitability across industries.

## THE INDIAN ECONOMY

India continued to demonstrate relatively resilient economic performance compared to several major economies, supported by domestic consumption, infrastructure spending, and ongoing digital transformation initiatives.

As per the Federation of Indian Chambers of Commerce and Industry Economic Outlook Survey, GDP growth is projected in the range of 6.8% to 7.2% for FY 2026-27.

### Economic activity during the year was supported by:

- Continued domestic consumption
- Ongoing government capital expenditure, particularly in infrastructure
- Expansion in services supported by digital adoption and technology-led investments

### Sectoral outlook:

- Agriculture: ~3.7%
- Industry: ~6.6%
- Services: ~7.4%
- Inflation (CPI): ~4.1%

India's nominal GDP is expected to grow at 10% for FY 26-27 as per Macroeconomic Framework Statement and Medium-term Fiscal Policy cum Fiscal Policy Strategy Statement laid by Union Minister for Finance and Corporate Affairs on the table of the Parliament along with Budget for FY 2026-27.

## INDUSTRY OUTLOOK IN INDIA

### The Indian Networking Industry

India's IT & Business Services sector continued to witness moderate growth momentum during the year. As per industry estimates and market reports, the sector is expected to witness steady growth over the medium term, supported by cloud adoption, cybersecurity requirements, artificial intelligence, and 5G deployment.

The networking segment, including Ethernet switching, routing, structured cabling, FTTH, and WLAN, continued to see demand across enterprise and broadband segments, although spending patterns remained selective in certain sectors due to cost optimization measures and macroeconomic uncertainty. The enterprise networking market in India is expected to witness moderate growth over the medium term.

### THE INDIAN NETWORKING MARKET IN 2025

(Values in USD million)

Particulars	Q1 2025	Growth	Q2 2025	Growth	Q3 2025	Growth	Q4 2025	Growth

### The industry also continued to face challenges arising from:

- Volatility in component prices
- Foreign exchange fluctuations
- Competitive pricing pressures
- Extended customer procurement cycles
- Supply chain constraints in select electronic components

Despite these challenges, long-term demand drivers remain favourable due to increasing digital adoption and growing investments in network infrastructure.

### KEY INDUSTRY DEVELOPMENTS

#### 5G Expansion and Fiberisation:

Continued investments in 5G rollout and network densification contributed to demand for fiber connectivity, FTTH solutions, and switching infrastructure, although deployment pace varied across regions and operators. Telecom capital expenditure is estimated at INR 75,000–80,000 crore.

#### Enterprise Wireless Upgrade Cycle:

Adoption of Wi-Fi 6 and Wi-Fi 6E technologies increased across enterprises, driven by the need for higher bandwidth and network reliability.

#### Data Centre Growth:

India's data centre market is expected to witness long-term growth, supporting demand for networking and cabling infrastructure over the medium term.

#### Policy Support:

Government initiatives, including the Production Linked Incentive (PLI) scheme, continued to support domestic manufacturing and promote a trusted networking ecosystem.

#### Digital Infrastructure Expansion:

Investments in smart cities, surveillance, and public digital infrastructure continued to support demand for scalable networking solutions across sectors.

*Source: Industry reports, publicly available information and internal analysis*

### GLOBAL AND INDIAN WIRELESS LAN (WLAN) INDUSTRY

The global Wireless LAN market witnessed gradual improvement during the year following a period of correction, supported by selective enterprise investments and ongoing technology upgrades.

#### As per industry estimates and market reports:

- The global WLAN market recorded moderate growth during 2025
- Adoption of Wi-Fi 6E technologies continued to increase across enterprise deployments
- Wi-Fi 7 adoption witnessed early-stage deployment across select markets

In India, the WLAN market demonstrated improving momentum during 2025. However, year-on-year growth remained moderate due to enterprise spending adjustments and inventory normalization.

While near-term demand visibility remains mixed across certain enterprise segments, long-term demand drivers such as enterprise digitization and continued investment in digital infrastructure are expected to support industry growth over the medium term.

# Independent Auditor's Report

## TO THE MEMBERS OF SMARTLINK HOLDINGS LIMITED Report on the Audit of the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of Smartlink Holdings Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and profit (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2026. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### 1. Revenue Recognition from Networking Products

Refer the disclosure related to Revenue recognition in Note 29 to the accompanying standalone financial statements.

Revenue from sale and servicing of networking products is recognised net of returns and trade discounts. The Group recognises revenue when performance obligations as per the underlying contracts are satisfied in accordance with Ind AS 115 - Revenue from Contract with Customers ("Ind AS 115"). The terms set out in the Group's sales contracts are varied which affect the timing of revenue recognition.

We have identified Revenue recognition from networking products as a Key Audit Matter because Ind AS 115 involved assessing if distinct performance obligations exists under each type of the contracts and ensuring that the revenue is recognised in the appropriate period in which contractual obligation is satisfied.

**Our audit procedures to assess the recognition of revenue from Networking Products included the following:**

- Obtained an understanding and assessed the design, implementation and operating effectiveness of internal controls over identification of the contractual obligation existence, accuracy and timing of revenue recognition.
- Verified the contracts on test check basis to identify performance obligations under the contract and to assess whether revenue is recognised in the period in which the performance obligation is satisfied.
- Performed substantive transactional testing on test check basis.
- Performed substantive analytical procedures considering the revenue trends of the previous years and the relationship between revenue and other financial statement line items.
- Reconciled the revenue with sales register.
- Performed cut-off testing to validate the timing of revenue recognition determined by management.
- Verified the completeness and accuracy of the disclosures.

#### 2. Impairment of Investment in subsidiaries

Refer Note 8 in standalone financial statements.

The Company has investments in subsidiaries at a gross value of Rs. 4,498.95 lakhs as on March 31, 2026. These investments are valued at cost less provision for impairment.

During the year, the Company has reversed the provision for impairment of Rs. 1,288.36 lakhs on investments in subsidiaries.

Due to significance of the above matter and involvement of the management judgement, we have considered this as a key audit matter.

**Our audit procedures to assess the impairment of investment in subsidiaries included the following:**

- Obtained an understanding and assessed the design, implementation and tested the operating effectiveness of internal controls over the valuation and impairment of investments in subsidiary companies.
- Obtained and reviewed the valuation report of the subsidiary to understand the fair value of the company in respect of which the provision for impairment was reversed during the period.
- Reviewed the financial statements of the subsidiaries and the future business plans/ projections furnished by the management.
- Made corroborative inquiries with appropriate level of the management personnel about future business plans/projections of the subsidiaries.
- Evaluated the evidence supporting the judgement of the management about estimated future cash flow and the reasonableness of the estimates which included specific risk factors by comparing the actual results of the current year to previous estimates.
- Assessed the appropriateness of impairment provision recognized by the management as at March 31, 2026.
- Verified the completeness and accuracy of the disclosures, which are included in note 8 of the standalone financial statements.

# Independent Auditor's Report

## Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the standalone financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(h)(vi) below on reporting under Rule 11(g).

# Independent Auditor's Report

- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) The representation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2 (b) above on reporting under Section 143(3)(b) and paragraph 2(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report express an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control with reference to Standalone Financial Statements.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company have disclosed the impact of pending litigations on its financial position in the standalone financial statements as at March 31, 2026 (refer note 40 to the standalone financial statements).
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund.
  - iv. (1) The Management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (2) The Management has represented, that, to the best of it's knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
  - v. The Company has neither declared nor paid any dividend during the year. As stated in Note 71 to the Standalone Financial Statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with Section 123 of the Act, as applicable.
  - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level in respect of an accounting software to log any direct data changes.  
Further, where enabled, audit trail feature has been operated for all relevant transactions recorded in the accounting software. Also, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of such accounting software. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in respective years.  
Based on our examination which included test checks, the Company has used an accounting software for maintaining its payroll records (managed and maintained by a third-party software service provider) which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all the relevant transactions recorded in the software.  
Further, during the course of our audit and considering SOC report issued by an independent auditor, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.
3. In our opinion, according to information, explanations given to us, the remuneration for the year ended March 31, 2026 paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act read with Schedule V to the Act.

## Annexure A to the Independent Auditor's Report of EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SMARTLINK HOLDINGS LIMITED FOR THE YEAR ENDED MARCH 31, 2026

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report on even date to Member of Smartlink Holding Limited on the Standalone Financial Statements for the year ended March 31, 2026]

- i. (a) A. The company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment ("PPE") and relevant details of right to use assets.  
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment have been physically verified by the management at reasonable intervals during the year which, in our opinion, is reasonable having regards to the size of the Company and nature of its assets. No material discrepancies were identified on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and its intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- ii. (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage and procedure of such verification is reasonable and appropriate, having regard to the size of the company and the nature of it's operations. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- (b) During the year the company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from Banks and financial institutions on the basis of security of current assets. Based on the records examined by us in the normal course of audit of the financial statements, quarterly returns/statements filed with such Banks/financial institutions are in agreement with the books of accounts of the company.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security, granted any loans or advances in the nature of loans, secured or unsecured to any firm or limited liability partnership during the year. The Company has provided guarantee, securities to Companies during the year, in respect of which the requisite information is as below. The Company has not made any investment in companies, firms, limited liability partnership or other parties during the year:
  - (a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has provided guarantee, securities and unsecured loans to companies and other parties are as below:

(Amount in ₹ Lakhs):

Particulars	Loans	Guarantees	Securities
Aggregate amount granted/provided during the year			
- Subsidiaries	Nil	750.00	644.67
Balance Outstanding as at balance sheet date in respect of above cases			
- Subsidiaries	Nil	750.00	644.67
- Others	1.20	Nil	Nil

- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the guarantee provided, security given during the year are not prejudicial to the interest of the Company.
- (c) In respect of the loan granted by the Company to a Subsidiary and others, the schedule of repayment of principal and payment of interest has been stipulated in the loan agreement. Repayment or receipts of principal or interest have been regular.
- (d) According to the information and explanation given to us, there is no amount overdue for more than ninety days in respect of loans given as the loan given by company to its subsidiary and others which are falling due during the year. Accordingly, the requirement to report on paragraph 3(iii)(d) of the Order is not applicable to the Company.
- (e) As per the information available to us, no loans or advances in the nature of loans granted have fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties, So, the comments on this clause does not arise.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on paragraph 3(iii)(f) of the Order is not applicable to the Company.
- iv. The Company has not granted any loans or provided any guarantees or security to the parties covered under Sections 185. Further in our opinion and according to the information and explanation given to us, the Company has complied with the provisions of section 186 of the Companies Act 2013 in respect of the loans provided, investments made, guarantees and securities provided to parties covered under section 186 of the Act.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any amount which are deemed to be deposits from public within the meaning of sections 73 to 76 of the Companies Act and the rules framed thereunder. According to the information and explanation given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- vi. The Central Government of India has prescribed maintenance of cost records under sub-section (1) of section 148 of the Companies Act, for any of the products of the Company. We have broadly reviewed the books of accounts maintained and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

# Annexure B to The Independent Auditor's Report

## OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SMARTLINK HOLDINGS LIMITED

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members of Smartlink Holdings Limited on the standalone financial statements of the Company for the year ended March 31, 2026]

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

#### Opinion

We have audited the internal financial controls with reference to standalone financial statements of Smartlink Holdings Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

#### Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

#### Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

#### Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## NOTE 2: MATERIAL ACCOUNTING POLICIES

Material accounting policies adopted by the Company are as under:

### 2.1 Basis of Preparation of Financial Statements

#### (a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in Indian Rupees (INR) in lakhs, which is also the functional currency of the company and all amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, except when otherwise indicated.

#### (b) Classification into current and non-current:

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

#### (c) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

### 2.2 Property, plant and equipment

Property, plant and equipment, are stated at historical cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment comprises its purchase price net of any discounts and rebates, any import duties and other taxes (other than those subsequently recovered from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, decommissioning costs, if any, and interest on borrowings attributable to it up to the date it is ready for its intended use. Cost of property, plant and equipment that are not yet ready for their intended use at the balance sheet date are shown under capital work-in-progress.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance costs are charged to Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment using the straight line method over their estimated useful lives as under:

Property, plant and equipment	Useful Lives (in years)
Buildings	30
Plant and Equipments	8
Furniture and Fixtures	8
Motor vehicles	5
Office Equipment	5
Electrical Installations	10
Computers	3

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition.

## Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Depreciation on derecognition of an asset from property plant and equipment is provided up to the date preceding the date of derecognition. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

### 2.3 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives so as to reflect the pattern in which the assets economic benefits are consumed. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. The amortisation of intangible asset is included in Depreciation and amortisation expense in statement of Profit & Loss account.

The Company amortized intangible assets using the straight line method over their estimated useful lives as under:

Intangible assets	Useful life (in years)
Computer Software (ERP)	3
Computer Software (other software) * <i>subject to license period</i>	4*

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

### 2.4 Investment properties

Property that is held for long - term rental yield or for capital appreciation or both, and that is not used in the production of goods and services or for administrative purposes is classified as investment property.

Investment properties are measured initially at cost. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in profit or loss as incurred.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Investment properties include properties leased out and measured as right of use assets.

### 2.5 Foreign Currency Transactions

#### (a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

#### (b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### 2.6 Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

### 2.7 Revenue Recognition

#### (a) Sale of Products

Revenue from contract with customers is recognised at a point in time when the Company satisfies the performance obligation by transferring /delivering promised goods to the customer. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable, and is net of discounts, allowances, returns, goods and services tax and amounts collected on behalf of third party.

#### (b) Rendering of Services

The Company primarily earns revenue from job work and repair charges. Revenue is recognised in accordance with the terms of the contract with customers when the identified performance obligation is completed. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable and is net of Goods and Service Tax.

# Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

## (c) Interest income - the effective interest rate method

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVTOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR.

## (d) Revenue from lease rentals

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

## (e) Dividend Income

Dividend income (including from FVTOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

## 2.8 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

### (a) Current income tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### (b) Deferred tax

Deferred tax is recognised on temporary differences, being differences between the carrying amount of assets and liabilities and corresponding tax bases used in the computation of taxable profit. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all temporary differences, except:

- (i) Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

## 2.9 Leases

The Company's lease asset classes primarily consist of leases for office and factory premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

## 2.10 Inventories

Inventories are valued at the lower of cost (on weighted average basis) and net realisable value.

Cost of inventories comprises of cost of purchases, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The net realizable value of work in progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed the net realizable value.

## 2.11 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the higher of an assets fair value less cost of disposal and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate pre-tax discount rate to determine whether there is any indication that those assets have suffered any impairment loss. When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

# Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

## 2.12 Provisions and contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. In the event the time value of money is material, provision is carried at the present value of the cash flows required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

## 2.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents include cash on hand, cash in bank and short-term deposits net of bank overdraft.

## 2.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (a) Investment in subsidiaries

Interest in subsidiaries are recognised at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments.

The Company assesses at the end of each reporting period, if there are any indications that the said investments may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

### (b) Financial assets

#### (i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### (ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in interest income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVTOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in interest income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in Interest income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at fair value through profit and loss (FVTPL). If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

#### (iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 49(B) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables (including contract assets), the Company applies the simplified approach required by Ind AS 109, which requires lifetime ECL to be recognised as loss allowances.

## Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

### (iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

### (c) Financial liabilities

#### (i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

#### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

##### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

##### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

#### (iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

### (d) Financial Guarantee Contracts

Financial guarantees are initially recognised in the financial statements (within 'other liabilities') at fair value. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Any increase in the liability relating to financial guarantees is recorded in the statement of profit and loss in credit loss expense. The premium received is recognised in the statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

### (e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

## 2.15 Employee Benefits

### (a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

### (b) long-term employee benefit obligations

#### (i) Defined contribution plan

Provident Fund: The Company's contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan, are charged to the Statement of Profit and Loss in the period of accrual. The Company has no obligation, other than the contribution payable to the provident fund.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution plan as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

# Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

## (ii) Defined benefit plans

### Gratuity:

The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the balance sheet with a charge/credit recognised in Other Comprehensive Income ("OCI") in the period in which they occur.

Remeasurements recognised in OCI is reflected immediately in surplus in statement of profit and loss account and is not reclassified to profit or loss in subsequent periods.

## (c) Other long term employee benefits:

Company's liabilities towards compensated absences to employees which are expected to be availed or encashed beyond 12 months from the end of the year are accrued on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary using Projected Unit Credit Method.

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the statement of profit and loss.

## 2.16 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

## 2.17 Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

All borrowing costs are charged to the Statement of Profit and Loss except:

- Borrowing costs directly attributable to the acquisition or construction of assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of such assets.
- Expenses incurred on raising long term borrowings are amortised using effective interest rate method over the period of borrowings. Investment Income earned on the temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

## 2.18 Dividend on ordinary shares

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per corporate laws in India, a distribution is authorised when it is approved by the shareholders in a general meeting. A corresponding amount is recognised directly in equity. An interim dividend is recorded as a liability on the date of declaration by the Board of Directors.

## 2.19 Accounting for Government Grants

Government grants in terms of incentives are recognized only when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

The Government grant in the form of incentives are recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and the achievement of the performance criteria for being eligible for receipt of the grant. The grants are presented under 'Other Operating Income' in the Statement of Profit and Loss.

## 2.20 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, unless otherwise stated.

## NOTE 3: SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

In the preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively. Information about assumptions, judgements and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2026 are as below:

### (a) Useful life of Property, plant and equipment, Investment Property and intangible assets and its expected residual value

Property, plant and equipment, Investment Property and other intangible assets represent a significant proportion of the assets of the Company. Depreciation and amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

### (b) Fair value measurements and valuation processes

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility for further details about determination of fair value.

### (c) Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. Information about such valuation is provided in notes to the financial statements.

### (d) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

### (e) Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the financial instruments. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

### (f) Impairment of financial asset

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. note 49(B) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables (including contract assets), the Company applies the simplified approach required by Ind AS 109, which requires lifetime ECL to be recognised as loss allowances.

## NOTE 4: CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

4.1 The Ministry of corporate Affairs ("MCA") notified amendments on May 07, 2025 and August 13, 2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

### Amendment to Ind AS 21 - Lack of exchangeability

The Amendments introduce requirements to assess when a currency is exchangeable into another currency and when it is not. The Amendments require an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect on the financial statements of the Company.

Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants

The amendment specifies the requirements for classifying liabilities as current or non-current in the balance sheet, and clarifies the following:

- a) An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of a liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
  - b) If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.
  - c) In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.
- These amendments have no effect on the measurement of any items in the financial statements of the Company. The Company did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1.

Amendment to Ind AS 12 – Pillar-Two Tax Reforms

The Company is not within the scope of the OECD Pillar Two Model Rules, as Pillar Two legislation has not yet been enacted in any of the jurisdiction in which the Company operates.

Amendment to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangement

The amendments to Ind AS 7 'Statement of Cash Flows' and Ind AS 107 'Financial Instruments: Disclosures' clarify the characteristics of supplier finance arrangements and require additional disclosures for such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. The Company does not have any supplier finance arrangements during the reporting period.

### 4.2 Standard issued but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants

The amendment includes specific provisions that will take effect for reporting periods beginning on or after April 01, 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.
- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.
- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

### NOTE 47: FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

#### A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

#### B. Measurement of fair value

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash, bank balances, short-term deposits, trade and other short-term receivables, trade payables, other current liabilities and other financial liabilities approximate their carrying amounts largely due to short-term maturities of these instruments.
2. The fair value of non-current financial assets comprising of term deposits at amortised cost using Effective Interest Rate (EIR) are not significantly different from the carrying amount.
3. The fair value of Lease liabilities are calculated based on cash flows discounted using a current lending rate. They are classified at level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

### NOTE 48: FAIR VALUE HIERARCHY

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

- Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. The fair value of Mutual funds are based on published net assets values or other observable market data and are classified at level 2 in the fair value hierarchy.
- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

### NOTE 49: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

#### (A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk, price risk and currency risk.

##### (i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimise the Company's position with regards to interest income, treasury team manages the interest rate risk by diversifying its portfolio across tenures. The Company does not have exposure to the risk of changes in market interest rates as the Company's long-term debt obligations are with fixed interest rates.

##### (ii) Price risk

The Company's exposure to securities risk arises from investments held by the Company and classified in the Balance Sheet as fair value through OCI.

##### (ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a different currency from the Company's functional currency).

(a) The Company's exposure to foreign currency risk at the end of the year is as follows

Particulars	Currency	As at March 31, 2026	As at March 31, 2025
Trade Payables	USD	1,385.10	390.10

##### (b) Foreign Currency Sensitivity

The following table details the Company's sensitivity to a 1% increase and decrease against the US Dollar /JPY. 1% is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rates.

Particulars	As at March 31, 2026	As at March 31, 2025
Impact of 1% strengthening against USD - Decrease in loss	13.85	3.90
Impact of 1% weakening against USD- Increase in loss	13.85	3.90

#### (B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk primarily arises from cash equivalents, trade receivables, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss or other comprehensive income. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

For other financial assets and investments, the Company has an investment policy which allows the Company to invest only with counterparties having a good credit rating. The Company reviews the credit worthiness of these counterparties on an on-going basis.

## Notes forming part of the Standalone financial statements

(Amount in INR Lakhs, unless otherwise stated)

### NOTE 49: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

Counterparty limits may be updated as and when required subject to approval of Board of Directors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts.

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2026 and March 31, 2025 is the carrying amounts as mentioned in Note 8, 9, 13,14,15,16,17 and 18.

### (C) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company believes that its working capital is sufficient to meet the financial liabilities within maturity period. Additionally, the Company has invested its surplus funds in fixed income securities or instruments of similar profile thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Company carries a negligible liquidity risk.

The table below summarizes the maturity profile of the Company's financial liabilities:

### NOTE 63: CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard the Company's ability to remain as a going concern and maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans, long term and other strategic plans and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity share holders.

The Company's adjusted net debt to equity ratio are as follows.

# Independent Auditor's Report

## TO THE MEMBERS OF SMARTLINK HOLDINGS LIMITED Report on the Audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of Smartlink Holdings Limited (hereinafter referred to as the "Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including the Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2026, of its consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2026. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### 1. Revenue Recognition from Networking Products

Refer the disclosure related to Revenue recognition in Note 29 to the accompanying Consolidated Financial Statements.

Revenue from sale and servicing of networking products is recognised net of returns and trade discounts. The Group recognises revenue when performance obligations as per the underlying contracts are satisfied in accordance with Ind AS 115 - Revenue from Contract with Customers ("Ind AS 115"). The terms set out in the Group's sales contracts are varied which affect the timing of revenue recognition.

We have identified Revenue recognition from networking products as a Key Audit Matter because Ind AS 115 involved assessing if distinct performance obligations exists under each type of the contracts and ensuring that the revenue is recognised in the appropriate period in which contractual obligation is satisfied.

**Our audit procedures to assess the recognition of revenue from Networking Products included the following:**

- Obtained an understanding and assessed the design, implementation and operating effectiveness of internal controls over identification of the contractual obligation existence, accuracy and timing of revenue recognition.
- Verified the contracts on test check basis to identify performance obligations under the contract and to assess whether revenue is recognised in the period in which the performance obligation is satisfied.
- Performed substantive transactional testing on test check basis.
- Performed substantive analytical procedures considering the revenue trends of the previous years and the relationship between revenue and other financial statement line items.
- Reconciled the revenue with sales register.
- Performed cut-off testing to validate the timing of revenue recognition determined by management.
- Verified the completeness and accuracy of the disclosures.

### Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in Director's Report, but does not include the consolidated financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design,

# Independent Auditor's Report

implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended March 31, 2026 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matters

- (a) We did not audit the financial statements of One subsidiary whose financial statements reflect total assets (before consolidation adjustment) of Rs. 12,051.31 lakhs as at March 31, 2026, total revenue (before consolidation adjustment) of Rs. 23,590.47 lakhs and total net profit after tax (before consolidation adjustment) of Rs. 1,295.22 lakhs and net cash inflow (before consolidation adjustment) amounting to Rs. 55.77 lakhs for the year ended on that date, as considered in the consolidated financial statements, whose financial statements have not been audited by us. This financial statement have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

## Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in the paragraph 1(h)(vi) below on reporting under Rule 11(g).

# Independent Auditor's Report

- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015.
  - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2026 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India, none of the directors of the Group companies incorporated in India are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f. The representation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) and paragraph 2(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
  - g. With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
  - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company have disclosed the impact of pending litigations on its financial position in the consolidated financial statements as at March 31, 2026 (refer note 42 to the consolidated financial statements).
    - ii. The Group did not have any material foreseeable losses, on long-term contracts including derivative contracts.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
  - iv. (1) The Management of the Holding Company has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company, and it's subsidiary company to or in any other persons / entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries have, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, and it's subsidiary company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;  
(2) The Management of the Holding Company has represented that, to the best of it's knowledge and belief, no funds have been received by the Holding Company, and it's subsidiary companies from any person(s) / entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company and it's subsidiary company have directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;  
(3) Based on our audit procedures which we have considered reasonable and appropriate in the circumstances and according to the information and explanations provided to us by the Management of the Holding Company in this regard, nothing has come to our notice that has caused us to believe that the representations made by the Management of the Holding Company under sub-clause (1) and (2) contain any material misstatement.
  - v. The Holding Company and it's subsidiary company incorporated in India have not declared or paid dividend during the year and therefore reporting compliance with section 123 of the Act is not applicable.
  - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, except that no audit trail feature was enabled at the database level in respect of an accounting software to log any direct data changes.  
Further, where enabled, audit trail feature has been operated for all relevant transactions recorded in the accounting software. Also, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of such accounting software. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in respective years.  
Based on our examination which included test checks, the Group has used an accounting software for maintaining its payroll records (managed and maintained by a third-party software service provider) which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all the relevant transactions recorded in the software.  
Further, during the course of our audit and considering SOC report issued by an independent auditor, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective years.
2. In our opinion, according to information, explanations given to us, the remuneration for the year ended March 31, 2026 paid by the Group to its directors is within the limits laid prescribed under Section 197 of the Act read with Schedule V to the Act.
  3. According to the information and explanations given to us and based on the CARO reports issued by us for the Company and on consideration of CARO reports by statutory auditors of subsidiary associates included in the consolidated financial statements of the Company to which reporting under CARO is applicable, we report that there are no Qualifications/adverse remarks.

## Annexure A to the Independent Auditor's Report

OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SMARTLINK HOLDINGS LIMITED FOR THE YEAR ENDED March 31, 2026

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Smartlink Holdings Limited on the consolidated Financial Statements for the year ended March 31, 2026]

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

### Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statements of Smartlink Holdings Limited (hereinafter referred to as "the Holding Company") and its subsidiary company, which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company is company incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company, which are company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary company, which are company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding company, its subsidiary company, which is a company incorporated in India.

### Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

### Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.

### 1 Corporate information

Smartlink Holdings Limited ("Company" or "Parent" or "Parent Company"), incorporated in Goa is in the business of manufacture of various categories of electronic and IT products on job work basis and also engages in contract manufacturing for Original Equipment Manufacturers ("EMS" business). The Company is public limited company incorporated and domiciled in India and has its registered office at Verna Industrial Estate, Goa, India.

During the previous year, the Hon'ble National Company Law Tribunal (NCLT), Mumbai Bench vide its order dated January 09, 2025 has approved the 'Scheme of Amalgamation ("Scheme")' of Wholly Owned Subsidiary Synegra EMS Limited with the parent Company. Consequent to the scheme becoming effective on January 31, 2025, the Company has ceased to be a Non-Banking Financial Company ('NBFC'). The Company has surrendered the Certificate of registration of NBFC issued by the Reserve Bank of India - to carry on the business of NBFC without accepting public deposits refer note 39 for the details.

The Consolidated Financial Statement of Smartlink Holdings Limited comprise of the financial statements of the Parent Company and its subsidiary Digisol Systems Limited, together referred to as the 'Group'.

Digisol Systems Limited is in the business of developing, manufacturing, marketing, distributing and servicing of various categories of Networking and Information Technology (IT) Products.

The Board of Directors approved the consolidated financial statements for the year ended March 31, 2026 and authorised for issue on May 13, 2026.

## NOTE 2: MATERIAL ACCOUNTING POLICIES

Material accounting policies adopted by the Group are as under:

### 2.1 Basis of Preparation of Financial Statements

#### (a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Company (Indian Accounting Standard) Amendment Rules, 2016.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities that are measured at fair value.

The financial statements are presented in Indian Rupees (INR) in lakhs, which is also the functional currency of the company and all amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, except when otherwise indicated.

#### (b) Classification into current and non-current:

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non current classification of assets and liabilities.

#### (c) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

### 2.2 Principles of consolidation

#### Subsidiaries

Subsidiaries are all entities (including structured entities) over which the group has control. The Group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

#### Business combinations

Acquisition of subsidiaries and businesses are accounted for using the purchase method. The consideration transferred in each business combination is measured at the aggregate of the acquisition date, fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree.

## Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

Acquisition related costs are recognised in the consolidated statement of profit and loss.

Goodwill arising on acquisition is recognised as an asset and measured at cost, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, after re-assessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve on consolidation.

Once control has been achieved, any subsequent acquisitions where the Group does not originally hold a hundred percent interest in a subsidiary are treated as an acquisition of shares from non-controlling shareholders. The identifiable net assets are not subject to further fair value adjustments and the difference between the cost of acquisition of the noncontrolling interest and the net book value of the additional proportion acquired is adjusted in equity. The amount of non-controlling interests in the acquiree is measured either at the non-controlling interests proportion of the net fair value of the assets, liabilities and contingent liabilities recognised or at fair value.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder's equity.

When a transaction or other event does not meet the definition of a business combination due to the asset or group of assets not meeting the definition of a business, it is termed an 'asset acquisition'. In such circumstances, the acquirer:

- identifies and recognises the individual identifiable assets acquired
- allocates the cost of the group of assets and liabilities to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase.

Such a transaction or event does not give rise to goodwill or a gain on a bargain purchase.

### 2.3 Property, plant and equipment

Property, plant and equipment, are stated at historical cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment comprises its purchase price net of any discounts and rebates, any import duties and other taxes (other than those subsequently recovered from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses, decommissioning costs, if any, and interest on borrowings attributable to it up to the date it is ready for its intended use. Cost of property, plant and equipment that are not yet ready for their intended use at the balance sheet date are shown under capital work-in-progress.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance costs are charged to Statement of Profit and Loss during the year in which they are incurred.

Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

Depreciation methods, estimated useful lives

The Group depreciates Property, Plant and Equipments using the straight line method over their estimated useful lives as under:

Property, plant and equipment	Useful Lives (in years)
Buildings	30
Plant and Equipments	8
Furniture and Fixtures	8
Motor Vehicle	5
Office Equipment	5
Electrical Installations	10
Computers	3

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use.

Depreciation on derecognition of an asset from property plant and equipment is provided up to the date preceding the date of derecognition.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

### 2.4 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives so as to reflect the pattern in which the assets economic benefits are consumed. The estimated useful life and amortisation method are reviewed at the end of each reporting

## Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

period, with the effect of any changes in estimate being accounted for on a prospective basis. The amortisation of intangible asset is included in Depreciation and amortisation expense in statement of Profit & Loss account.

The Group amortized intangible assets using the straight line method over their estimated useful lives as under:

Intangible assets	Useful life (in years)
Computer Software (ERP)	3
Computer Software (other software)	4*
Technical know-how	5

\*Subject to license period

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

### 2.5 Investment properties

Property that is held for long - term rental yield or for capital appropriation or both, and that is not used in the production of goods and services or for administrative purposes is classified as investment property.

Investment properties are measured initially at cost. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in profit or loss as incurred.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

Investment properties include properties leased out and measured as right of use assets.

### 2.6 Foreign Currency Transactions

#### (a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the group entities operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the entities functional and presentation currency.

#### (b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### 2.7 Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Group.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Group's management determines the policies and procedures for fair value measurement.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

### 2.8 Revenue Recognition

#### (a) Sale of Products

Revenue from contract with customers is recognised at a point in time when the Company satisfies the performance obligation by transferring / delivering promised goods to the customer. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable, and is net of discounts, allowances, returns, goods and services tax and amounts collected on behalf of third party.

## Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

### (b) Rendering of Services

The Company primarily earns revenue from repair charges. Revenue is recognised in accordance with the terms of the contract with customers when the identified performance obligation is completed. The revenue is measured based on transaction price, which is the fair value of consideration received or receivable and is net of Goods and Service Tax.

### (c) Interest income

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost and debt instrument measured at FVTOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR.

### (d) Revenue from lease rentals

Lease income is recognised in the Statement of Profit and Loss on straight line basis over the lease term, unless there is another systematic basis which is more representative of the time pattern of the lease.

### (e) Dividend Income

Dividend income (including from FVOCI investments) is recognised when the entities right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

## 2.9 Accounting for Government Grants

Government grants in terms of incentives are recognized only when there is reasonable assurance that

- (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

The Government grant in the form of incentives are recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate and the achievement of the performance criteria for being eligible for receipt of the grant. The grants are presented under 'Other Operating Income' in the Statement of Profit and Loss.

## 2.10 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

### (a) Current income tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### (b) Deferred tax

Deferred tax is recognised on temporary differences, being differences between the carrying amount of assets and liabilities and corresponding tax bases used in the computation of taxable profit. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all temporary differences, except:

- (i) Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

## 2.11 Leases

The Company's lease asset classes primarily consist of leases for office and factory premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

# Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

## 2.12 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the fair value less cost to sell and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate pre-tax discount rate to determine whether there is any indication that those assets have suffered any impairment loss. When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

## 2.13 Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. In the event the time value of money is material, provision is carried at the present value of the cash flows required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are possible assets that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

## 2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents include cash on hand, cash in bank and short-term deposits net of bank overdraft.

## 2.15 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (a) Financial assets

#### (i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### (ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

**Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in Interest income using the effective interest rate method (EIR).

**Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in Interest income using the effective interest rate method.

## Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in Interest income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at fair value through profit and loss (FVTPL). If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### (iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. note 49(B) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables (including contract assets), the Company applies the simplified approach required by Ind AS 109, which requires lifetime ECL to be recognised as loss allowances.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount.

### (iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

### (b) Financial liabilities

#### (i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

#### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

# Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

## (iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

## (c) Financial Guarantee Contracts

Financial guarantees are initially recognised in the financial statements (within 'other liabilities') at fair value. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Any increase in the liability relating to financial guarantees is recorded in the statement of profit and loss in credit loss expense. The premium received is recognised in the statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

## (d) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

## 2.16 Inventories

Inventories are valued at the lower of cost (on weighted average basis) and net realisable value.

Cost of inventories comprises of cost of purchases, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

The net realizable value of work in progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed the net realizable value.

## 2.17 Employee Benefits

### (a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

### (b) long-term employee benefit obligations

#### (i) Defined contribution plan

Provident Fund: The Group's contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan, are charged to the Statement of Profit and Loss in the period of accrual. The Group has no obligation, other than the contribution payable to the provident fund.

Employee's State Insurance Scheme: Contribution towards employees' state insurance scheme is made to the regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution plan as the Group does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

#### (ii) Defined benefit plans

Gratuity:

The Group provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the balance sheet with a charge/credit recognised in Other Comprehensive Income ("OCI") in the period in which they occur.

Remeasurements recognised in OCI is reflected immediately in Surplus in statement of profit and loss account and is not reclassified to profit or loss in subsequent periods.

### (c) Other Long Term Employee Benefits:

Group's liabilities towards compensated absences to employees which are expected to be availed or encashed beyond 12 months from the end of the year are accrued on the basis of valuations, as at the Balance sheet date, carried out by an independent actuary using Projected Unit Credit Method.

# Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the statement of profit and loss.

## 2.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Group's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

## 2.19 Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

All borrowing costs are charged to the Statement of Profit and Loss except:

- a) Borrowing costs directly attributable to the acquisition or construction of assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of such assets.
- b) Expenses incurred on raising long term borrowings are amortised using effective interest rate method over the period of borrowings. Investment Income earned on the temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

## 2.20 Dividend on ordinary shares

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per corporate laws in India, a distribution is authorised when it is approved by the shareholders in a general meeting. A corresponding amount is recognised directly in equity. An interim dividend is recorded as a liability on the date of declaration by the Board of Directors.

## 2.21 Segment Reporting

The groups business activities are mainly related to developing, manufacturing, marketing, distributing and servicing networking products. These networking products are sold to distributors, Original Equipment Manufacturers (OEM's) and System Integrators (SI), which are primarily assessed as a single reportable operating segment in accordance with Ind AS 108 by the CODM.

## 2.22 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs, unless otherwise stated.

## NOTE 3: SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

In the preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively. Information about assumptions, judgements and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2026 are as below:

### (a) Useful life of Property, plant and equipment, Investment Property and intangible assets and its expected residual value

Property, plant and equipment, Investment Property and other intangible assets represent a significant proportion of the assets of the Group. Depreciation and amortisation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

### (b) Fair value measurements and valuation processes

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility for further details about determination of fair value.

### (c) Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. Information about such valuation is provided in notes to the financial statements.

# Notes forming part of the Consolidated financial statements

(Amount in INR Lakhs, unless otherwise stated)

## (d) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

## (e) Effective Interest Rate (EIR) method

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the financial instruments.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

## (f) Impairment of financial asset

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. note 49(B) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables (including contract assets), the Company applies the simplified approach required by Ind AS 109, which requires lifetime ECL to be recognised as loss allowances.

## 4 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

4.1 The Ministry of corporate Affairs ("MCA") notified amendments on May 07, 2025 and August 13, 2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

### Amendment to Ind AS 21 - Lack of exchangeability

The Amendments introduce requirements to assess when a currency is exchangeable into another currency and when it is not. The Amendments require an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect on the financial statements of the Company.

Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants.

The amendment specifies the requirements for classifying liabilities as current or non-current in the balance sheet, and clarifies the following:

- a) An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of a liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
- b) If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.
- c) In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.

These amendments have no effect on the measurement of any items in the financial statements of the Company. The Company did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1.

### Amendment to Ind AS 12 – Pillar-Two Tax Reforms

The Company is not within the scope of the OECD Pillar Two Model Rules, as Pillar Two legislation has not yet been enacted in any of the jurisdiction in which the Company operates.

### Amendment to Ind AS 7 and Ind AS 107 - Supplier Finance Arrangement

The amendments to Ind AS 7 'Statement of Cash Flows' and Ind AS 107 'Financial Instruments: Disclosures' clarify the characteristics of supplier finance arrangements and require additional disclosures for such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. The Company does not have any supplier finance arrangements during the reporting period.

## 4.2 Standard issued but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants

The amendment includes specific provisions that will take effect for reporting periods beginning on or after April 01, 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.
- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.
- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

### NOTE 39: BASIS FOR PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS (CFS) (CONTD.)

e) The financial statements for the earlier periods were prepared in accordance with Division III of Schedule III to the Companies Act, 2013, applicable to Non-Banking Financial Companies (NBFCs). Pursuant to the merger, the Company no longer meets the criteria of an NBFC. Accordingly, the financial statements from previous year have been prepared in accordance with Division II – Ind AS Schedule III to the Companies Act, 2013.

### NOTE 40: EARNINGS/ (LOSS) PER SHARE

Basic earnings /(loss) per share amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

The weighted average number of ordinary shares outstanding during the period is the number of ordinary shares outstanding at the beginning of the period, adjusted by the number of ordinary shares bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the shares are outstanding as a proportion of the total number of days in the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	For the Year Ended March 31, 2026	For the Year Ended March 31, 2025

### NOTE 48: FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

#### A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

#### B. Measurement of fair value

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash, bank balances, short-term deposits, other short-term receivables, trade payables and other financial liabilities approximate their carrying amounts largely due to short-term maturities of these instruments.
2. The fair value of non-current financial assets comprising of term deposits at amortised cost using Effective Interest Rate (EIR) are not significantly different from the carrying amount.
3. The fair value of Lease liabilities are calculated based on cash flows discounted using a current lending rate. They are classified at level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

### NOTE 49: FAIR VALUE HIERARCHY

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

### NOTES 50: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

#### (b) Foreign currency sensitivity

The following table details the Company's sensitivity to a 1% increase and decrease against the US Dollar. 1% is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rates.

Particulars	As at March 31, 2026	As at March 31, 2025
Impact of 1% strengthening against USD - Decrease in loss	17.33	7.27
Impact of 1% weakening against USD- Increase in loss	17.33	7.27

#### (B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk primarily arises from cash equivalents, trade receivables, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

For trade receivables, credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

For other financial assets and investments, the Company has an investment policy which allows the Company to invest only with counterparties having a good credit rating. The Company reviews the creditworthiness of these counterparties on an on-going basis. Counterparty limits maybe updated as and when required subject to approval of Board of Directors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2026 and March 31, 2025 is the carrying amounts as mentioned in Note 8, 9, 13, 14, 15, 16, 17 and 18.

#### (C) Liquidity risk

The Group's principal sources of liquidity are 'cash and cash equivalents' and cash flows that are generated from operations. The Group believes that its working capital is sufficient to meet the financial liabilities within maturity period. The Company has no borrowings. Additionally, the Group has invested its surplus funds in fixed income securities or instruments of similar profile thereby ensuring safety of capital and availability of liquidity as and when required. Hence, the Group carries a negligible liquidity risk.

The table below summarizes the maturity profile of the Company's financial liabilities:
